

BENSON HIGH SCHOOL

Omaha, Nebraska

September 26, 1938

Dr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I have delayed writing to you in order to organize a program for you.

Our state convention is divided into districts. The district one convention, held in Omaha, is composed of the Omaha teachers and teachers from nearby towns. The physical education group will consist of grade teachers and high school teachers of physical education as well as athletic coaches. We would like to have you hold a basketball clinic from 9:30 to 12 o'clock on the morning of October 28. This clinic would be open to coaches only. You may conduct this clinic the way you think is best. It would be held in the Central High School Gymnasium so that you would have a place for demonstration if you so desired.

Then we'd like to have you talk to all the physical education teachers from 1:15 to 2:15 p.m. that same day. I have listed this talk in the program as, "What Constitutes an Adequate Physical Education Program for Public Schools?" I'm sure you could give us some valuable information on what we should have in our public school physical education program.

(I have tried to make your topics elastic enough so that you could talk on phases you think most important.)

If you will let me know when you expect to arrive and how you are coming, I'll make arrangements to meet you. I'm glad that you are going to be with us and I'm looking forward to meeting you.

Very sincerely yours,

Frank E. Mielenz
