

October 15, 1938.

Mr. R. E. Gowans, Principal,
Ottawa High School,
Ottawa, Kansas.

Dear Principal Gowans:

We are considering the construction of an electric score board for use at our basketball games in the auditorium here at the University. We have a two-sided electric clock, and would like to have the electric score board placed above this clock.

I recall that you have a very fine electric score board in the gymnasium at Ottawa High School, and I am wondering if you would be kind enough to send us some information about it. Was it built by one of your electricians? If so, would you be willing to send us a diagram and specifications?

Mr. Raymond Crow, our head electrician at the University, would like very much to come down to Ottawa to look at your score board if this would be agreeable to you.

Any information you can send us will be very much appreciated.

Thanking you, and with all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
