

February 14, 1938.

Miss Hattah Oliver,
802 Tennessee Street,
Lawrence, Kansas.

Dear Miss Oliver:

I tried to call you twice during Christmas week to wish you a very merry Christmas and a happy New Year. Upon each occasion I was unsuccessful in getting your phone to answer. Jane was home from Stanford for the holidays, and all of us wanted to wish you the very best.

Nothing came of my good intentions, and later I even wrote a memorandum and stuck it in my money pocket of my trousers so that every time I would stumble on it and call you on the phone. Not having done this, I made up my mind I would just write you a short note and let you know how many kindly thoughts the Allens have for such a wonderful heritage to Lawrence, Kansas.

This letter does not need a reply. I and my family just desire to express our kindly sentiments to a very personable and kindly individual. It makes us feel good to know such fine people and to have their friendship.

Wishing you many pleasant days to come, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
