

June 28, 1938.

Mr. Bert Ober,
Lawrence, Kansas.

Dear Bert:

Pardon my not acknowledging your notation of June 8th sooner. I hadn't thought of the fact that we haven't been spending money with you. In fact, I think for nearly twenty years we have been doing that thing quite regularly.

I remember Mrs. Allen for years bought all of the children's clothing there, and then she began with the grandchildren. Bobby and Mit and all of us have always patronized you with a regularity that was quite noticeable each time we paid our bills.

I assure you that we will be very happy to continue in the same vein.

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
