

January 27, 1944.

Mr. R. W. McClure,
Kansas Electric Power Co.,
Lawrence, Kansas.

Dear Mac:

You were kind enough to mention that your fine firm would make a ten dollar contribution toward the Nursery. If you care to make a check and mail it to me I will see that the bills are paid.

The Nursery is going over with a bang. They now have twenty-five enrolled, and they are well on their way. Did you see the little folder that was passed out by the public school teachers to the children in school? I know that you will be interested.

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
