Dear Louie:

I just talked to Jack Gardner, of Kansas State, over the phone and Jack thought we ought to meet in Kansas City on the 22 and 23, and maybe the 21, so that our schedules could be made and presented to the Coaches Association. I believe this is a good idea.

As far as I am concerned I would be in favor of meeting early so that we could arrange our entire conference schedule while the National Association of Basketball Coaches are in session.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
