

Further Study Authorized

The Committee authorized further study in connection with several proposals which seemed to meet with the unofficial approval of the Committee.

1. The QUESTIONNAIRE COMMITTEE is to further study the matter of allowing a substitution any time the ball is dead. A test vote (unofficial) indicated almost unanimous approval of ultimate adoption of this proposal.

Further study is also to be made of the proper bouncing reaction of a ball.

2. The GAMES ADMINISTRATION COMMITTEE is to further study the possibility of using a checker with one scorer and one timer. This Committee was also directed to give consideration to the proposal that in all cases of substitution an official go to the scorer's bench where the substitution will be completed.
3. The RESEARCH COMMITTEE is to further study the possibilities in the proposal to permit five personal fouls before disqualification. They are also to give consideration to the proposal which would require that after a successful goal, the ball be given to the proper team out of bounds at mid-court in order to insure a few seconds delay between the scoring of a goal and the putting of the ball in play. Another problem that is to receive consideration is the matter of alleged rough play in the last few minutes of a game and which is attributed to the right to waive a free throw.

Business Meeting

Editor Oswald Tower called attention to the need for pictures of the members of the Committee. He asked that each member be responsible for submitting a picture at an early date and also the submission of proper name and initials. He also asked that each constituent organization name a man who is to be responsible for passing upon the suitability of material to be included in the almanac section of the guide.

Upon motion regularly made, seconded and unanimously carried, the Committee voted Oswald Tower the usual honorarium of five hundred dollars for the current year. It was also voted to contribute ten dollars to the Hotel Continental Employee's Fund or to any similar fund designated by the hotel management.

Treasurer Floyd A. Rowe distributed copies of the financial statement and gave the treasurer's report. The report was approved and ordered filed.

On motion of Sumner Dole and seconded by J. W. St. Clair, the following resolution was unanimously voted:

WHEREAS the position of Treasurer of the National Basketball Committee of the United States and Canada was filled by the election of H. Jamison Swarts, Philadelphia, Pennsylvania, therefore be it

RESOLVED that H. Jamison Swarts is hereby authorized to issue checks against the account of the National Basketball Committee of the United States and Canada, heretofore standing in the name of Floyd A. Rowe, Treasurer.
