Mr. H. V. Porter,
11 So. LaSalle St.,
Chicago, Illinois.

Dear H. V.:

As soon as the questionnaire arrives we will mail it out to all of the basketball coaches in this district. This has been our usual procedure.

I am wondering what distribution is made to the officials. I think the officials should have one of these questionnaires so they could offer their suggestions.

I am endeavoring to have the National College Basketball Officials Association meet in Kansas City at the time of the Rules meeting. Of course, the high school federation is handled in its own organization by the various state executive secretaries. In the east they have the Basketball Officials Association, and we are endeavoring to have them meet in Kansas City this spring. They have an organization in this district, but we are trying to have them assemble so their recommendations could come into the Rules Body the same as it was handled in the east.

I personally send the questionnaires from this office to each college and university coach, in our section. As soon as they arrive this will be taken care of immediately.

Very sincerely yours,

FCA:AH
