

February 19, 1946

Mr. Arden Booth
Station WREN
Lawrence, Kansas

Dear Arden:

Although you had very little time to display your talents at the between-halves of the Kansas-Nebraska game and although I did not get to hear you or see you perform, I do know that you did an excellent job.

I genuinely want to thank you for your kindness in putting over this project.

I previously had told Mr. Quigley that I had arranged to have you lead the community singing and he promised to confine himself to two or three minutes. These things always get out of hand and after Mr. Quigley introduced Mr. Sauer he naturally felt that he had to respond.

I am indeed sorry for this but I am especially grateful to you. You did a swell job. Thanks.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
