

August 7, 1945

Dean John Bunn
Stanford University
Stanford, California

Dear John:

That sequel was interesting indeed. Do you remember Dr. Red Payne's initial? Your most interesting letter provided some happy reflections and some laughs. Is Dr. Payne practicing medicine in Glendale?

The latter part of your letter surprised me. Are you going on the Athletic Specialists' junket? You write very interestingly. I don't blame you for wanting to get back in athletic participation. The battling rather satisfies the virile type, of which you are one.

Tell me all about it, your trip and so forth, and let me have the dope on Dr. Payne pronto, please.

Sincerely,

Forrest C. Allen
Director, Physical Education
Varsity Basketball Coach
