OF THE MANY

FEATURES

TO BE FOUND

IN

*Pyra-Seal
Floors*

TRACTION

Sure-footed speed is the reward of the PYRA-SEAL treated floor. This better floor seal permits lightning fast play with slip-proof safety. An improvement to any school or gymnasium because of its smart appearance. A budget favorite with the Board because of its long, economical wear and minimum of maintenance cost.

Pyra-Seal Protection Pays for Itself

PYRA-SEAL makes gymnasium floors look better and wear longer. It seals the pores in the wood and ties the surface fibres into an integral whole—dries to a smooth, hard, lustrous yet non-slip finish that does not chip, crack or peel. Resists acids, alkalis, alcohol, ink, etc. Out-wears ordinary finishes many times over. Why take chances, when PYRA-SEAL gives certain protection?
