A

Dear Quig,Doc,Rep;

College prospects tabbed in two-day tournament at Wyandotte high school included Neil Ridley, Columbua forward; Paul Churchill, Columbus guard; Bob Rolander. McPherson, center; Ivan Modrcin, Ward guard, and Bob Mackish, Wyandotte center. Evans, Peck, Schnellbacher, Nesmith and Pierce scouted meet.

Ridley is exceptionally fast, better than average passer, and has good basketk eye. Can make a Big Six team. Churchill was good ball-handler, tough ball-hawker(Ridley excelled in this also) and better than average scorer. Ridley is smaller than Peck but well-built and durable. Churchill is larger.

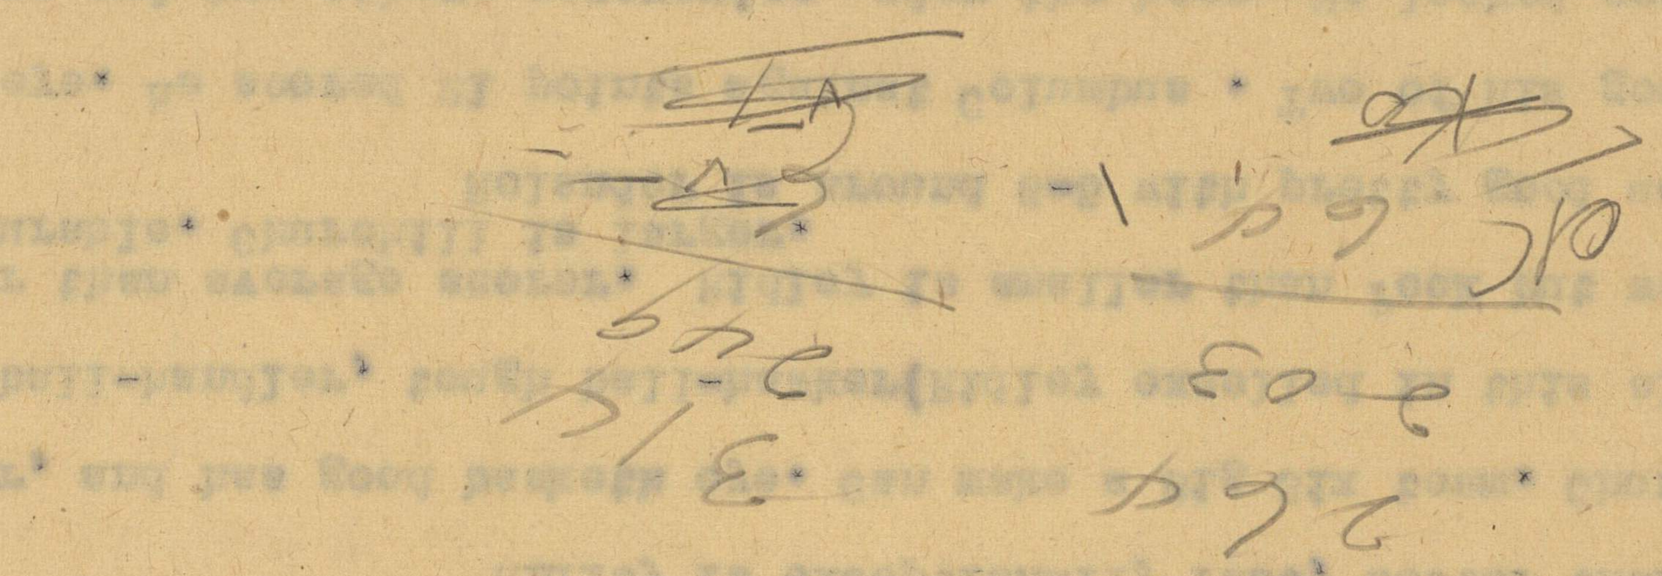

Rolander is around 6-5 with pretty good action and good eye. He scored 21 points against Columbus . Two of his goals were tip-ins and two others recoveries nder the hoop. He looked good all-around.

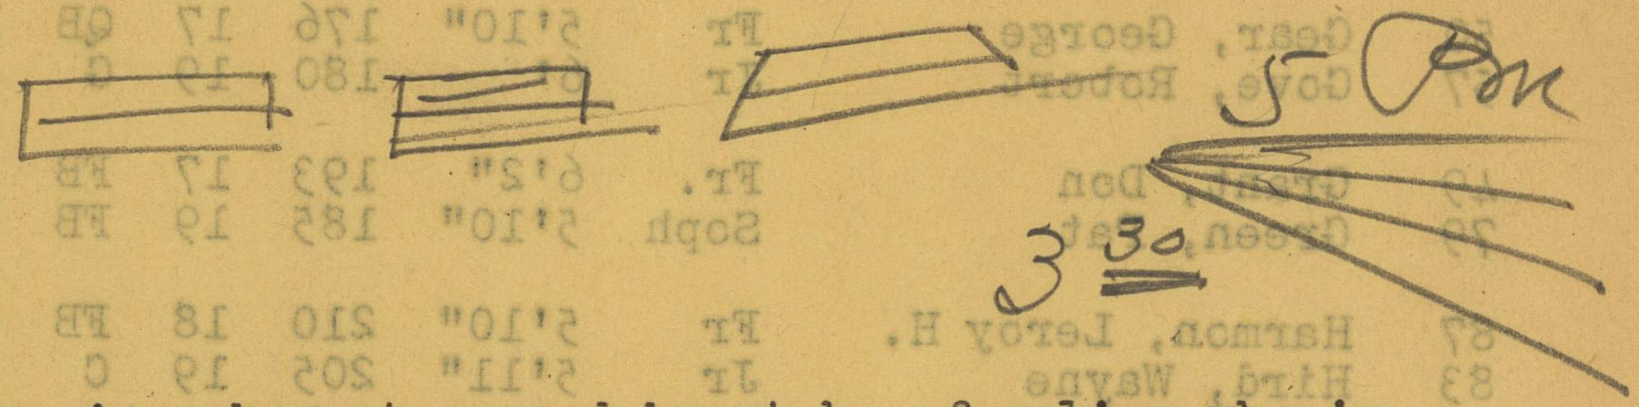

Modrcin is exceptionally fast and an excellant ball-handler. Also showed scoring possibilities and drove well from his spot at guard. Big enough to be rugged and will double in football as will Ridley.

Mackish did not look as good as the other four in this meet but definitely is a college prospect. With more work and coaching he will improve more than the others. Is around 6-4 and has good action tho a trifle slow. Also will double in football as end.

This is not my opinion but the composite opinion of the entire five, which included three varsity basketball players.

don

doctor,

there is a boy at sacred heart hs of salina who is supposed to be a hot prospect. his name is richard evans. he has scored 29 and 34 points, respectively, in his last two starts, which, of course, is pretty torrid in any league. only vital statistic I know is height --- 5-11. have told red huffman and he has entered the name in his card file. thot you'ed like to know and perhaps check into the lad's performance.

Scouting report, Regional tournament
Wamego March 9'46

Saw one boy in this tournament who I definitely think is college prospect in basketball. Also supposed to be a top hand at football. Name is Ervin Bussary, a boy I am sure we already have contacted. Height 6-2, Weight 180. Bussart looked exceptionally good around the basket with either hand or with under hand two handed efforts. Best play director I've ever seen in small high school (Wamego) Continually opened up team-mates by driving for goal then passing off. Exceptionally good passer. Made only two bad tosses all evening. Play reminds me of Gerald Tucker, rather slow, but good in all departments except defense. Shows some understanding of post guard, however , by guarding opponent in front. Most of them time, however, let kid get ball and shot. Coaching is all he needs here. Also not quite as good a rebounder as he should be. Main thing is his savvy of game , good scoring and passing ability. More than once he yelled "cut " or "break " to a teammate. Showed high degree of understanding of game. Accused of being slow by some persons, but can run a quarter in :55.0. His folks are Mexican-Indian. He is interested in going to college and will need help. Was 18 in January. Was poised and confident in conversation.

Three other boys are worth another look. Peters, a junior at Wamego, is around 6-4 or 6-5. Rugged on backboard. Can score. Should be good in one more season. Howe and Lundberg of Randolph. Don't know classification. Lundberg looked exceptionally good as a post guard. Seems to understand game far better than average .Is a pretty good passer and ball handler. Howe is quite ~~pass~~ fast and an excellant shot. Worth another look. Martin Isaacson is coach and principal.

A/C Lem T. Jones, jr.
4E - 45C (C)
N.A.A.S., Chase Field
Beeville, Texas

Dear Lem:

I feel that I can address you in such an informal manner because Mrs. Bud French, who is my secretary, knew you as a member of Clarence McGuire's Sunday School class. Mac was one of our fighting Scotchmen on our varsity basketball team and his personality, perseverance, integrity, and fight, which he contributed to our basketball teams, was a positive good.

Mrs. French, who was a member of the Sunday School class, reports you very well, stating that you were the president of your Sunday School class and you were liked by everyone. Mrs. French started working for me December 1, 1945, and will work while Bud is attending K.U.

Lt. Ed J. Ellis also wrote me about you in glowing terms; everything concerning your character, personality, and athletic ability is of the best.

I want you to know that we would be delighted to have you in our State of Kansas and, I assure you, it will be a real pleasure to have you on our varsity squad.

I knew R. E. "Dad" Bowles and Henry Godfriux when I was coaching at Warrensburg from 1912 to 1919. "Dad" Bowles was at William Jewell then and Henry Godfriux, a brother of "Dad" Bowles', was playing on the team.

After your one more year of service has been completed, we will be pleased indeed to have you here at K.U. Won't you keep in touch with us from time to time so that we may get better acquainted with you and render any possible services that you might desire.

With all good wishes for your continued success, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

UNITED STATES NAVY

22 January 1946
Monday Evening

Dear Mr Allen —

at the suggestion of Lt. Ellis USNR (Wyandotte High K.C. Kan), I am writing you to express my interest in attending Kansas University.

I am an aviation cadet expecting to graduate next month as an ensign in the Naval Air Corps. During training my basketball experience includes a season with William Jewell '43-'44, NAS Alameda, Iowa (Ed Hickey coach) '44-'45 and the present campaign at NAT Bases, Corpus Christi.

My home is in Kansas City, Mo where I attended Southwest High and K.C. Junior College. I have approximately

UNITED STATES NAVY

one more year of service to go, after which I plan to continue my education, preferrably at some midwestern school.

Mr. Ellis has pointed out some of the advantages of being associated with Kansas University and I am writing to you for further information along this line.

Sincerely yours -

Lem T. Jones. Jr.

Prof

February 2, 1946

Blaine E. Hibler, 1st Lt. H.S.M.C.R.
M. B., N. A. D.
Hastings, Nebraska

Dear Blaine:

I called Charlie Black into the office this morning and read him your letter. He was delighted to hear from you. Also, Mrs. Bud French, my secretary, told me that she remembered you from grade school at E. C. White. Mrs. French is the wife of Bud French, a returned veteran in the Navy who is studying to be a coach, and the brother of Bert Hall, who has also been discharged but has not enrolled in a university yet. So you see, I have several high recommendations concerning you.

I want you to know how very much I appreciate a Missouri and a Purdue man referring these two fine boys to us here at Kansas.

You have been very generous in your praise of my son Bob, who is now a naval lieutenant junior grade on a flat top in the Pacific with the medical corps.

If you will be kind enough to write to Albert Smagiel and Lee Storer, I would appreciate it very much. I would be delighted to have both of these boys with us and, if you think it would be helpful for me to write them, I will follow your advise in the matter.

I want to congratulate you on your fine service with the Marines. The Marine Corps has always been top in all arms of the service with me. We lost Lt. T. P. Hunter on Guam a year ago last July 21. He was one of the grandest men I knew and a true Marine.

With all good wishes and appreciation, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

NAVAL AMMUNITION DEPOT

HASTINGS, NEBRASKA

29 January 1946

Dr. Forrest Allen
Kansas University
Lawrence, Kansas

Dear "Phog";

This is a letter of business and yet in a way is one of pleasure on my part that I can even drop you a letter. Perhaps you remember me and yet the possibilities of that are slim. My name is Blaine Hibler, an old Southwest High in Kansas City man and from there to Missouri, then to Purdue. I'm a Marine officer at Hastings, Neb. now but soon will be separated. Another Marine and I are running the basketball team here and that is the main reason for this letter.

We have two fine basketball players here and they are both from the Kansas City area. Their names; Albert Smagiel and Lee Storer.

This Albert Smagiel is an ex Ward High boy, and is now a Pfc in the Marines. He is playing guard here for us and what I mean a sweet one, he can do anything with the ball and he has ha head that can't beaten on the court. I've seen your boy,Bob, play and he reminds me of him the way he handles our club. Defensively he is tops as far as he is now, and with a little of that coaching he'd get there he would be a hard man to beat. He's 5ft 11in. tall, fast on his feet and rugged under the board.

Lee Storer is from Central High in Kansas City, Missouri and stands 6ft. 1½in and is the boywith the eye. He has a beautiful one handed shot that he can fire with <u>either</u> hand and I know you like that. He plays a smooth brand of ball and I know would fit into a K.U. system.

Both of these boys are good students so that would be some load off of your shoulders. All they need is a little college experience and coaching and they would be fine ball players. If you are interested in these boys Phog please drop me a line and maybe we can arrange a meeting for them to come to see you.

NAVAL AMMUNITION DEPOT

HASTINGS, NEBRASKA

My address is 4818 Roanoke Pkwy, Kansas City, Missouri after Monday due to my release from the Marine Corps on that day.

Give my regards to my good buddy Charlie Black and tell him I'd like to see one real "hot" night soon. He certainly is playing nice ball this year. I was with Jack Ballard just before he headed for the coast and I was so glad to hear he and Evans will be back next semester. Looks like another one for Kansas for sure--I hope so any way.

Hoping to hear from you soon, I remain

Respectfully yours

Blaine E. Hibler

Blaine E. Hibler
1st Lt. USMCR

Rios

February 1, 1946

Lt. Ed J. Ellis
Cabaniss Field
Corpus Christi, Texas

Dear Lt. Eddy:

I want to thank you for your interest and your letter that you have written me. I appreciate it very much, I assure you.

I am very much interested in Lem Jones. My secretary, Mrs. Bud French, is the wife of Bud French, a Central High School star of former days. They knew Lem through Clarence McGuire's, who was Lem's Sunday School teacher. Mac, as we call Clarence McGuire, played on our varsity teams here at Kansas and is a fine influence with young men.

I have just received a letter from Lem, doubtless due to your kind words. I am writing him today and I want you to know that I appreciate all the things that you have done for us here at K.U.

Owen Peck is still the same fine chap that he always was and Johnny Kanas is coming along fine. He was a little excitable at first but is in about the same position as Owen Peck was a year ago. Next year Johnny will be right in there. He is fine, clean, intelligent, and a scrapper.

Doubtless you have read about George Sauer being appointed football coach. Those people who have expressed an opinion look hopefully toward his bringing Kansas to a higher plane than it has achieved here before. I agree with you that our football situation could be improved. It would help all of our high schools in Kansas.

I will certainly be glad to see you when you are out in June. Here's wishing you continued success which you have enjoyed the past several years. With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Lt Ed J. Ellis
Cabaniss Field
Corpus Christi Texas

Jan. 28, 1946.

Dear Mr. Allen: ——

Every now and then I have occasion to drop you a line to say "hello" and wish you well.

This time I want to recommend to you a basket ball player from Kansas City, Missouri Southwest High School. He is in flight training at one of our outlying fields and is a fine prospect for a University team. Lem Jones he is about 6'3" and weighs about 175 pounds. He played with Iowa Pre-Flight last year at Iowa City. I have come in contact with him since I work many of the basket ball games between the various stations. My first notice of Jones was as a scorer - He has a fine eye for the basket. He somehow found out that I was from KC and came over and introduced himself. He is very interested in coming to Kansas so I recommended that he write to you so that you could answer.

I also told him that I would write to you - I hope he can come to K.U. for I believe you will like him.

I see where you trimmed Iowa State and that your boys are going good. I am very pleased to know that Owen Pecks is doing so well - say hello to that fellow. When is Ray coming back. Do you know how developing for you - he is a mighty fine boy as you probably know by now.

I am interested in knowing about the football job - Has a coach been appointed as yet? I hope we can get a man who will bring K.U. to power again, for that will help all of our high schools in Kansas.

Please say hello to McGuigley and the gang - I'll root in June.

Ed Ellis

Sgt. Melvin D. Ruetz - 37229980
S.C.U. 1763, Recon. Bn.
O'Reilly General Hospital
Springfield, Missouri

Dear Sgt. Ruetz:

Thank you very much for writing me regarding Henry Vaughan. I would be indeed happy to have Henry enroll at the University of Kansas and, further, I would be very happy to have him write me, or I could write him.

Suppose that you have a chat with Henry and if he is interested in attending the University of Kansas, Iwould be glad if you would inquire from him just what he would like to specialize in, law, medicine, engineering, journalism, physical education, or just a general college course. We have so many avenues of specialization such as pharmacy and so forth, I would be shooting in the dark until you can find out in what he is interested. Then if you will write me, we will follow this up.

I just heard from Ernie Vanek the other day. He is at Norman, Oklahoma, in the Navy. His address is as follows:

Lt. (j.g.) Ernest J. Vanek
N. A. T. T. C.
Norman, Oklahoma

I know he will be happy to hear from you.

Thank you for your loyalty to Kansas and to her basketball teams.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

O'REILLY GENERAL HOSPITAL
SPRINGFIELD, MISSOURI

Jan. 31,1946
Springfield, Missouri

Dear Sir:

I am writing to you in regard to a basketball player that we have down here at O'Reilly General Hospital, Springfield, Missouri. In my estimation he is one of the most natural ball players that I have ever seen and I have seen several All-Americans play. I personally think that he is a better ball player than your own Charlie Black, and that is saying quite a bit. He has scored 20,21,23 and 31 points in the last four games. The last being against Southwest State Teathers College, who incidently has only lost one game this year.

His name is Henry Vaughan and he is from Ohio. In his Senior year in High School he was named as a forward on the All-State team. He is 20 years old and about 5 ft. 10 inches. He has heard a lot about your teams at KU and seems to be very much interested in going to some school that he can play a lot of basketball

If you wonder why I am interssted in this man going to Kansas, well I am from Ellsworth, Kansas and am very much interested in athletics at Kansas University, I believe you know Ernest Vanek, who was Freshman coach with you some years back, he is also from the same town.

If you would care to contact this man his address is.

T/5 Henry Vaughan
SCU 1763 Recon. Bn.
O'Reilly Gen. Hosp.
Springfield, Missouri

If I can help you in any way in persuading this man to come to your school I assure you that it will be a pleasure.

Sincerely Yours
Sgt. Melvin D. Ruetz

Mr. Clarence Dunlap
5901 Cote Brilliante
St. Louis 12, Missouri

Dear Clarence:

I have just received a second letter from Mr. J. A. Walka, your old coach. Responding to his request, I am sending you a brochure on the plan of courses for our degree in Physical Education. If you will refer to page 4, you will find a four-year course outlined for your perusal. We give a B.S. degree in Education with a major in Physical Education. We also offer a masters' degree in Physical Education.

Coach Walka has said many flattering things regarding you, Clarence, and your ability in basketball. I assure you that we will work with you and for you for your every benefit and success here at the University of Kansas. I have many requests from college and high school coaches for our graduates, especially those who compete on our varsity basketball team. We are not able to fill the demand because a great many of our basketball players are in Physical Education majors, engineering majors, journalism majors, or lawyer majors. Therefore, I am very sure that when you complete your work we will be able to place you in a very creditable position.

It is necessary that you send your transcript of your high school credits, with a transcript from Culver-Stockton, to Dr. Lawrence Woodruff, Registrar of the University of Kansas. Our enrollment will be on the 11th and 12th of February for the second semester. I assure you it will be a great pleasure to have you enroll at the University of Kansas and an added pleasure to have you on our varsity basketball team.

With all good wishes and anticipating the pleasure of meeting you, I am

Sincerely yours,

FCA:MF

Director of Physical Education,
Varsity Basketball Coach.

January 16, 1946

Mr. J. A. Walka
Bluett High School
St. Louis, Missouri

Dear Coach Walka:

Thank you for your very prompt letter regarding Clarence Dunlap. We are writing him today, sending him a brochure on our plan of courses for a degree in Physical Education. I assure you we will show him every courtesy and consideration.

Yes, it will be necessary to have a transcript of high school credits, as well as a transcript from Culver-Stockton. I just called the Registrar's Office to make sure, and they desire both.

I have a son who is a Lieutenant (j.g.) in St. Louis at the present time. His name is Milton P. Allen and before the war he practiced law here in Lawrence. He played three years on our varsity team, as did my son Bob, who is an M.D., and a Lieutenant (j.g.) on a flat top in the Pacific. Milton is working a number of Washington University games, as well as some St. Louis University games. I believe he worked some games for Otto Rost of McKinley High School in football. If you are in contact with the athletic men, I would greatly appreciate your giving him a ring sometime so that he might get acquainted with you. He expects to be discharged from the Navy sometime in March or April and will resume his practice in law here in Lawrence upon his return. I thought it might be possible for Milton to meet Clarence Dunlap.

Before going into the service, Milton coached the Haskell Indian basketball team at night, while he practiced law in the daytime here in Lawrence. Milton is tremendously interested in athletics and I know how interested he will be in Clarence's future. It would be a fine thing if the two could meet, as it would be another acquaintance contact for Clarence when he comes to Lawrence.

I amwriting Milton that he try to get in touch with you, and, also, that he get in touch with Clarence Dunlap. Therefore, he may be trying to get you.

With all good wishes and assuring you of my sincere interest in young Clarence Dunlap, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. Forrest C. Allen
Dept. of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

You are referred to our recent correspondence about Clarence Dunlap. He was discharged at Jefferson Barracks, Tuesday, January 8.

I have convinced him that he should resume his education as quickly as possible, and that he should go to Kansas University.

I am happy that you realize the sincere fatherly attitude I have toward this boy. You will be better enabled to understand it after you have worked with him. He has returned from the services a more desirable young man, if possible.

He has made his application to the Vetrans Bureau for the educational benefits. He is also requesting a transcript from Culver-Stockton. Will a transcript of his high school credits be necessary?

Kindly send him, at 5901 Cote Brilliante Ave, St. Louis 12, Mo., a brochure or plan of courses for a degree in Physical Education. He is planning, at the present time, to continue at least long enough to secure a Masters degree.

Sincerely Yours

Armed Guard Center (Pac)
Treasure Island
San Francisco, California

Dear Art:

I beg to accept receipt of your favor of the 8th instant on our return from our basketball trip to Kansas-State and the University of Nebraska this past weekend.

I have just had a conference with Red Huffman and he gives you a very fine bill of health. Our dilemma at the present time is the uncertainty of the enrollment, as compared to the sizeable staff we have on hand at present in our Department of Physical Education. We believe there will be some work for you, but until our enrollment matures the second semester, I can not state positively. We look for a heavy veteran enrollment. All indications point to this and if the enrollment materializes, I am pretty sure that we will be able to use you.

As soon as you are discharged you doubtless will come East to Kansas. Why could you not come on to Lawrence for a visit with Red and Gib and talk the matter over with us here. I feel pretty sure we could interest you.

I am sending you a brochure on our undergraduate course in Physical Education with a B.S. degree in the School of Education with a major in Physical Education. The work, of course, is done in the Graduate School.

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.

Dr. F.C. Allen
Dept. of Physical Educ.
Kansas University
Lawrence, Kansas

Dear Dr. Allen:

A short time ago I wrote the office of the registrar regarding courses and schedules for the coming semester. They have complied with my request for the material and have suggested that I write you about another matter of which I had asked. Plainly it is this: Is there any possibility of working in your department while doing graduate work at the University?

Prior to entering the Navy I spent five years as basketball coach and physical education instructor at the Hays high school. Assisting also in the sports of football and track.

In addition to my Bachelor's degree from Ft. Hays I have completed one summer's work at the University of Missouri in the field of Physical education.

As matters stand I should be discharged soon after the 15th of this month. I plan to return to the mid-west and unless someone offers me a very good job I will try to do some graduate work.

For any information about me please call on "Red" Huffman or "Gib" Stramel who is, I understand, on your present squad.

Best wishes,

Art Leas

Mr. Ray F. Hunter
210 South West Street
Wichita 12, Kansas

Dear Mr. Hunter:

Your letter of January 9 has been referred to me after our varsity basketball team returned from Lincoln, Nebraska, last weekend.

We offer a masters' degree in the School of Education with a major in Physical Education. The work is taken in the Graduate College. I am sending you a brochure on our undergraduate course in Physical Education with a B.S. degree in the School of Education with a major in Physical Education. We have had a number of men in Kandas take their masters' degree and each has been quite successful in obtaining a good position.

I know that you have an A.B. from Friends University in 1935. Did you earn your letter in basketball at Friends? I knew that Friends had discontinued football, but I thought you might have won your letter in track, tennis, or some other sport. I know that you have done quite a bit of officiating and doubtless you could do quite a bit of it up here while you are attending school. If you care to write us further, or if you would be coming our way and let us know in advance, we would be glad to have a conference with you.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Mr. Ben Beratte
Wamego, Kansas

Dear Ben:

Our Professor H. E. Chandler has given me your name as one interested in completing a degree in Physical Education. We have what we call a four-year coaching course, which is in fact a four-year curriculum in Physical Education in the School of Education. You get a B.S. Degree in the School of Education with a major in Physical Education. I am sending you our Physical Education brochure, which will show you the subjects that you are required to take and your hours of electives. You will have an adviser who will advise you as to substitute subjects, or electives, upon which you may need help.

We have work here which pays fifty cents an hour, if you are needing work. If you work more than two hours a day, then they generally cut down on the number of academic hours that you can take. They generally limit you to twelve academic hours if you work three hours a day, but you can work two hours a day and carry the full fifteen hours. This provision is made to protect you in the main purpose of your attending school, making your grades.

I am also asking that the registrar send you a catalogue, which, I understand, is just off the press. If, after reading the bulletin and the catalogue, there are any questions you would like to ask, I will be very happy to answer them.

Trusting to meet you when you come to the University of Kansas, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

This boy is greatly interested in sports and wants to take the degree course in physical education and coaching. He plans to be a teacher and will be interested in any information you may send him about our course.

Prospect

January 7, 1946

Mr. Bob Roberts
Kiowa, Kansas

Dear Bob:

Our Professor H. E. Chandler has given me your name as one interested in completing a degree in Physical Education. We have what we call a four-year coaching course, which is in fact a four-year curriculum in Physical Education in the School of Education. You get a B.S. Degree in the School of Education with a major in Physical Education. I am sending you our Physical Education brochure, which will show you the subjects that you are required to take and your hours of electives. You will have an adviser who will advise you as to substitute subjects, or electives, upon which you may need help.

This boy is much interested in athletics. He wants to be a teacher of physical education and desires to coach athletics. Is active in athletics and is particularly active in football and track. He says he has already been approached by athletic scouts from Oklahoma A & M and KansasState College, but hopes he can come to K.U. He will need to work for part of his expenses. He looks like a pretty good prospect. I think your folder on physical education will interest him.
