

March 5, 1942.

Chancellor Deane W. Malott,  
University of Kansas.

Dear Chancellor Malott:

The replies to our inquiry regarding changes in the physical education program at various neighboring institutions due to the present war emergency are coming in, and I am enclosing copies of these for your information. As others are received, I shall forward copies to you.

The trend seems to be, in most cases, for compulsory physical education. This was also indicated in the recent poll of students here at the University.

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
