**Training In
PHYSICAL EDUCATION
at the
University of Kansas**

Graduates of the Department of Physical Education of the University of Kansas receive the degree of Bachelor of Science in Education. They are required to meet the same scholastic standards that are maintained in other departments of the School of Education and in addition their programs of study must involve the following items:

1. A sound foundation in science including biology, physiology, human anatomy, kinesiology and hygiene.
2. Special preparation for the supervision of health and physical training of children.
3. Knowledge of the best recent theory and practice in teaching.
4. Broad experience in practice teaching including teaching in the elementary and junior high schools and coaching and teaching in the senior high school.
5. Special courses in the techniques of coaching the various major sports and other physical education activities.
6. Personal participation in the major sports, recreational activities, games and aquatics.

This folder presents brief data concerning six young men who are completing requirements for their degrees. Further information will be furnished upon request to the

TO MEMBERS OF THE PHYSICAL EDUCATION FACULTY:

In the very near future I desire to call a meeting of the faculty at 8:30 some morning so that we may discuss the capabilities or shortcomings of our senior majors. I am enclosing a list of these students, 20 in all, so that you may study them quite carefully and will be ready to make criticism, favorable or otherwise.

In the spring I think it will be well for us to again discuss this list of seniors and consider their possibilities as teachers. Also at that time we can consider the juniors who will be coming up as seniors the following fall.

These estimations and criticisms will, of course, be considered confidential by the faculty group, but I think it would be well for us to establish a policy in regard to recommending our majors for graduation. I feel that such a conference as the one proposed will make each of us a little better acquainted with these students, thus enabling us to help them more intelligently.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.

To Majors in the Department of Physical Education:

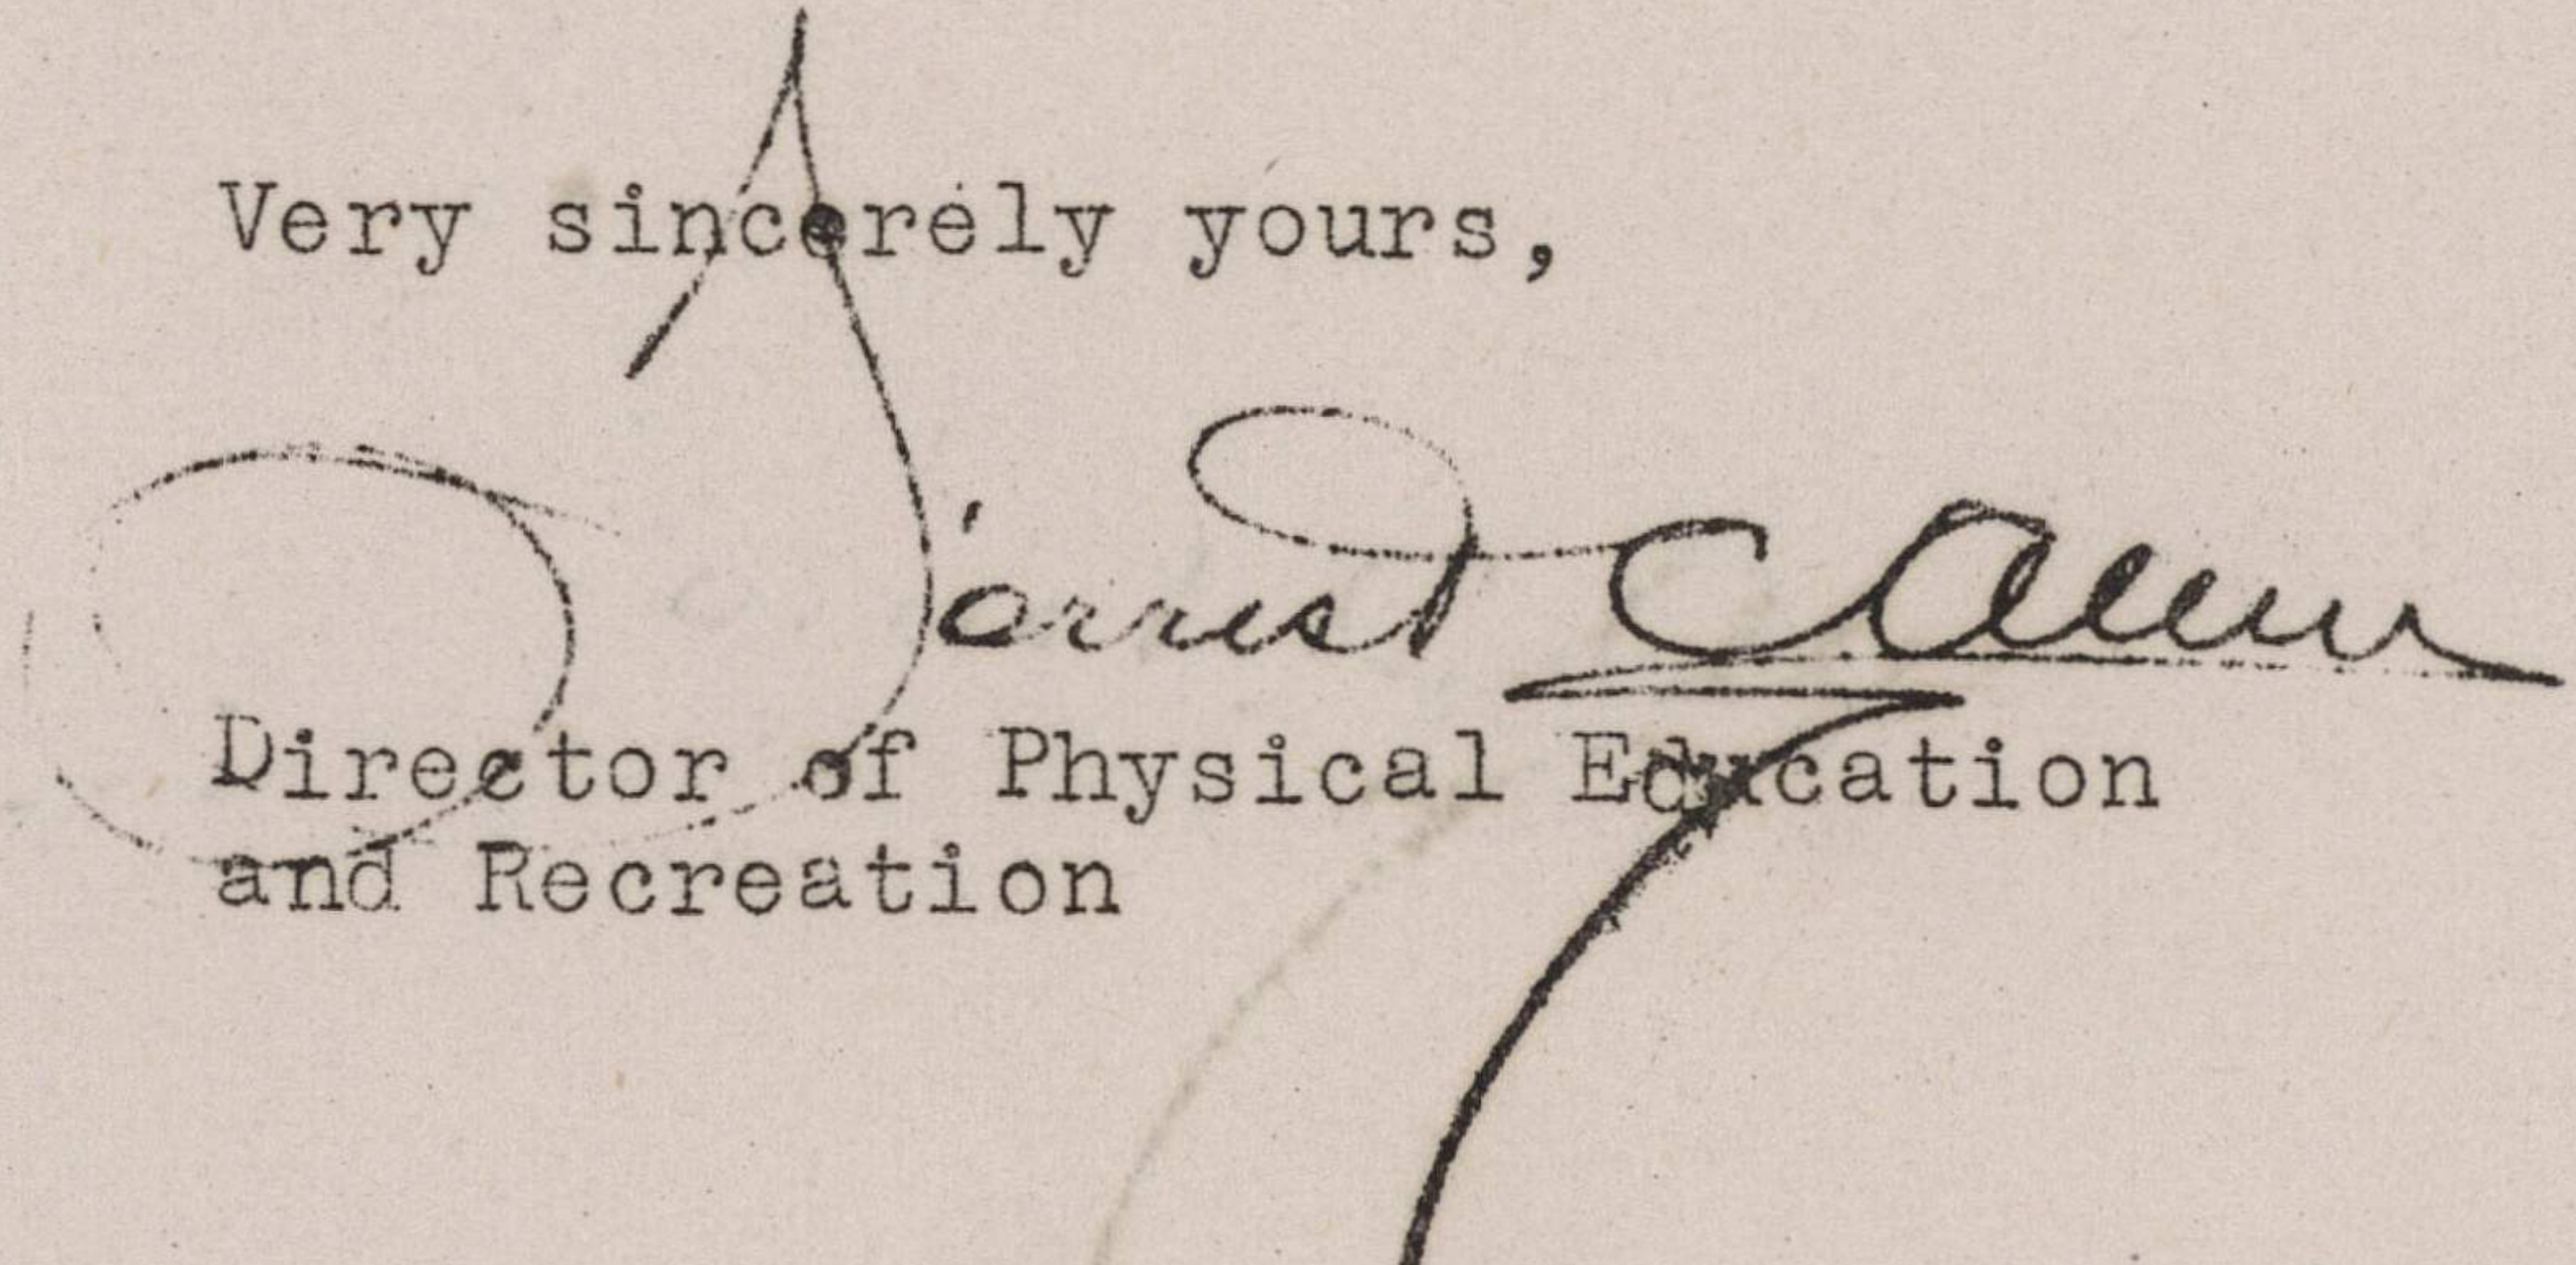

The Department of Physical Education requires that all majors have an annual physical examination at the Student Hospital. We have made arrangements with the hospital authorities to handle the examinations before the Thanksgiving vacation.

You are kindly requested to call the Student Hospital at your early convenience and make an appointment for your examination.

We are asking that all Physical Education majors report for physical examination before Friday, November 24. After this time you will be given unexcused absences in your Physical Education classes until you have been examined. This is a safety measure of mutual benefit; and I trust we may have your wholehearted cooperation.

We kindly requested the American Medical Association to furnish you with a copy of its publication, Hygiea. I trust that you will receive many valuable health suggestions from its pages.

Very sincerely yours,

Director of Physical Education
and Recreation

December 9, 1941

Mr. Alfred Merwin Brown
4448 Virginia
Kansas City, Mo.

Dear "Murray",

I beg to acknowledge receipt of your letter of the 3rd instant.

As yet, our registrar has not received your transcript from Warrensburg, but when it arrives they will make an evaluation of it and I will notify you of their findings.

I am sorry that I did not have a chance to visit with you in Kansas City. I had a basketball practise scheduled for that afternoon and had to hurry back for it. I am going to Dodge City this Thursday and Friday for a basketball clinic and plan to return to Lawrence early Saturday morning. I would be happy to talk with you Saturday or at some other time when it is convenient for you.

Hoping to see you at K.U. very soon I am

Sincerely yours,

FCA/PE

Dr. F. C. Allen
Dept. Physical Education
University of Kansas
Lawrence, Kansas

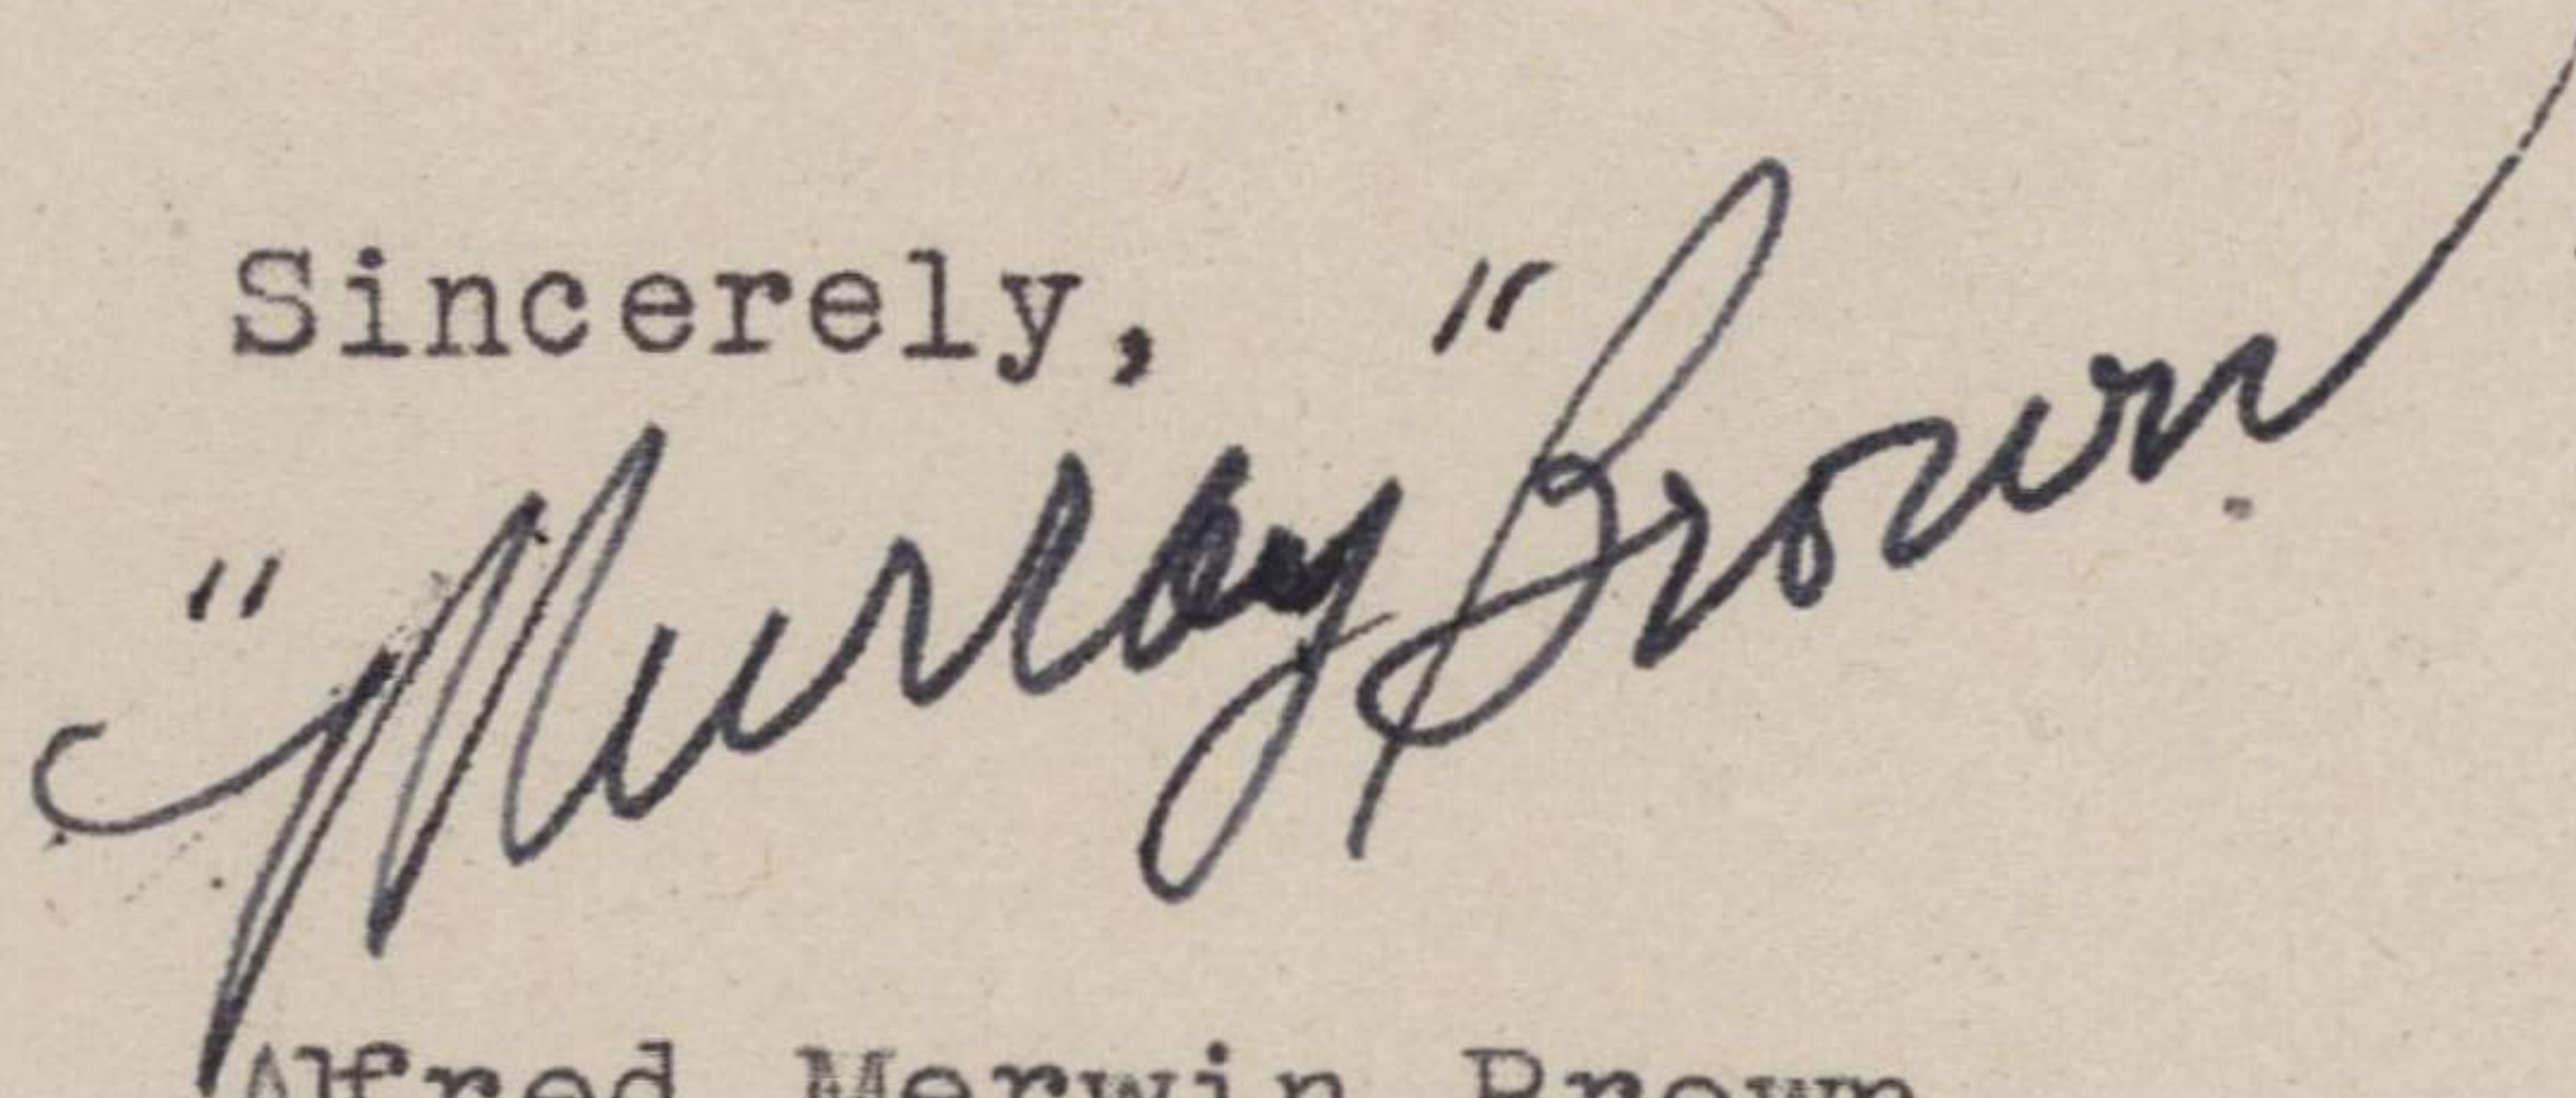

Dear Dr. Allen:

In regard to your suggestion, I have had my official transcript from Warrensburg, plus eight (8) hours credit from the University of Missouri, sent to your registrar.

I hope you will find my credits and grades satisfactory and that there will be some way that I can further my education, along with being some help around the athletic or physical education department.

I will appreciate hearing from you and hope to be with you at K. U. in the near future.

Sincerely,

A handwritten signature in cursive script that reads "Murray Brown". The signature is written in dark ink and is positioned above the typed name.

Alfred Merwin Brown

("Murray" Brown)
