Mr. Henry Shenk
Robinson Gym
Campus

Dear Henry,

Thank you, Henry for looking into this leakage. I have spoken to the Chancellor about it and he is very anxious that we do something about it if possible.

I am very happy to have this communication from you as it keeps me informed. I hope you can find the cause of the leakage. The plumber stopped in this morning and asked for the key to the swimming pool. Will you kindly keep me informed with what progress you make.

Sincerely,

FCA/PE
