Dean Paul B. Lawson
College of Liberal Arts & Sciences
University of Kansas

Dear Dean Lawson:

I have just had a conference with some members of our faculty regarding the small number enrolled in some of our classes.

They tell me that where there were small enrollments in advanced work and a sizable number in intermediate work, that they desired to put them together, but there was objection from the College Office in our doing this.

I am looking forward to the future, Dean Lawson, and I am wondering if this would not be the logical thing to do next year. This would prevent the very things that the Budget Committee objected to in regard to our small classes.

The above suggested arrangement would be true in regard to elementary, intermediate and advanced classes in Badminton, Tennis, Golf, Swimming, Life Saving, Equitation and Archery.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
