Miss Joie Stapleton
Robinson Gymnasium
University of Kansas

Dear Miss Stapleton:

Enclosed is a copy of a letter I have written to T.P. Hunter and Bob Johnson. After you were kind enough to call me up I felt chagrined that these boys did not make their regular assignment.

You can always count on my full cooperation, and when any of my boys do not play the game with the administration all that is necessary for you to do is to inform me.

By checking up with the trainer, Dean, I found that both of these boys missed the car to Kansas City. Maybe it was unintentional but at the same time the results will be no different.

Very sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
