

April 5, 1941

Mr. Bert DeGroot
University of Kansas

Dear Bert:

I am enclosing a letter that I received from Carl's regarding Frank Baker's gym shorts and longs which he ordered on February 5, 1941.

I have merely mentioned this to Frank and he states that he will pick up the stuff at Carl's in the very near future. I thought it would be well for you to mention to him that he does not have the prescribed gym equipment. You might ask him if he has ordered them.

This little prod may help him to take up the equipment that he ordered. His unusual size would cause this firm to have left on hand this equipment that would be difficult to dispose of.

I would appreciate your cooperation on this enclosure.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
