

November 23, 1939.

Miss Ruth Hoover,
Department of Physical Education,
University of Kansas.

Dear Miss Hoover:

It pleases me much to know that your department, instructors and pupils, are happy over the drinking water situation.

If there is anything at any time that we can render your department more efficient or more happy, it will be a great pleasure to have you call upon us. Please be assured that we want to do everything we can for your efficiency, your happiness and general all round morale.

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball Coach.
