

January 14, 1943.

Mr. Frank L. Myers,
Assistant to the Director of Athletics,
Kansas State College,
Manhattan, Kansas.

Dear Frank:

Mr. Earl Falkenstien asked me to reply to your inquiry of the 13th instant. I am enclosing a carbon copy of the letter that I have written to the Big Six basketball Coaches. I cannot write you frankly how we made the connection because there was a slight rule violation that we would never get away with again, and we were lucky indeed to make the connection as we did.

The odds would be ten to one against our making the connection again. You will just have to go to Oklahoma City and make your own arrangements, Frank, to get down there. You might get a taxi company to take you down and back, but I doubt it. You can go down on the interurban, but you can't get back on it, and as soon as the train is made up at Oklahoma City and leaves on time after the 20 minute holding order there is no chance to exceed that one minute.

You had better ask your railroad man to ask the Santa Fe at Oklahoma City to give you a 20 minute holding order for your team. You will just have to arrange your transportation as best you can, and you can count on not making a bit over 35 miles an hour. It takes a full 40 minutes to drive from the field house at Norman to the Santa Fe depot at Oklahoma City.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
