Forrest C Allen  
Director of Physical Education

Dear Mr Allen:

I have recently received the letter in which you announced the building of a dressing room for the use of the men of the faculty, and mentioned the possibility of some classes in volley-ball.

I have never played volley-ball, but would like to obtain some exercise : I suppose that you may find others in the same predicament. If so , I should be glad to join a class of novices.

Very truly yours,
