

The Department of Physical Education respectfully asks approval of the following physical activity courses:

47a. Elementary Equitation. This course is essentially for beginners, and includes instruction in the following: proper methods of approach and mounting the horse; correct riding posture; use of the aids in riding; riding at a walk, trot and canter; saddling and bridling. The development of a humane attitude toward, and a fine appreciation of horses is stressed.

(To be offered for the first time during the second half of the fall semester, 1939-40.)

47b. Intermediate Equitation. The course includes advanced instruction in three-gaited riding; bareback riding; simple drills; cross country riding; low hurdles. Prerequisite, 47a or previous riding experience.

(To be offered for the first time at the beginning of the spring semester, 1939-40.)

47c. Advanced Equitation. The course includes instruction in five-gaited riding; jumping; show ring riding; open cross country riding; advanced drills. Prerequisite, 47b or previous riding experience.

(To be offered for the first time at the beginning of the spring semester, 1939-40.)
