

December 15, 1937.

Mr. E. R. Elbel,
Department of Physical Education.

Dear Ed:

The hand towels down stairs at both wash basins have been removed because the students are using them for bath towels. They should purchase towel tickets but do not, and they are using these, thereby cluttering up the floor of the gymnasium in such fashion that these towels will be discontinued.

Cordially yours,

FCA:AH

Director of Physical Education.
