

December 1, 1937.

Dr. V. W. Lapp,
Department of Physical Education,
University of Kansas.

Dear Dr. Lapp:

I am sending to you from time to time boys in our department who are having difficulty in their studies. I would like to have you consider as one of your details the advising of these boys, if you will. So when these boys come to you, you will know that I have sent them.

I will be glad to discuss the matter with you, if you so desire.

This morning I sent Jack Buckman and T. P. Hunter to you, telling them that you would advise them how to study and how to budget their time conducive to better study. I feel sure you will study each case, and do a good job of it.

Very cordially yours,

FCA:AH

Director of Physical Education.
