

March 1, 1938.

Professor E. R. Elbel,
Department of Physical Education.

Dear Ed:

Mrs. Hulteen tells me that you have protested against the W.S.G.A. Carnival being held in Robinson Gymnasium, and the consequent confusion that is put on the program of Physical Education by interrupting our schedule.

I am wondering if you would be kind enough to write me a letter setting forth the unsatisfactory situation. I feel that we should write the W.S.G.A. people early and let them know of our desire for them not to continue the Carnival in our building.

I will appreciate it if you will enumerate the things we should point out to them.

Very cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
