

TO MEMBERS OF THE DEPARTMENT OF PHYSICAL EDUCATION :

I wish to call to your attention the new procedure in making departmental purchases, which was inaugurated by the University on July 1 this year. This change was brought about by legislative action.

Under the new rule no one is able to make a purchase of any kind, or for any amount, without advance authorization, *e.g.*, ~~in other words, no orders given over the telephone for items for the department~~ will be paid by the business office. New forms ~~for making purchases are~~ have replaced the old "requisitions", and under the new procedure the department head will send to the University business office a "purchase request" for the materials desired. If this is approved by the business office it will be forwarded to the State Business Manager at Topeka, who will award the contract. In case it seems advantageous to purchase materials locally, or in case of real emergency, the regulations provide that the bursar, Mr. Klooz, may authorize purchases, subject to confirmation by the Topeka office.

In order to avoid inconveniences and delay you will find it advisable to anticipate your needs as far in advance as possible. I trust that this office may have your full cooperation in conforming to this new regulation.

I wish also to remind you that where certain practices in the department have been indulged in for some time, these should be checked up with the head of the department so that there will be unanimity of thought and action in the department. For instance, the catalog does not show course 31M to be a prerequisite for 32M, yet a question came up this summer which indicated that students were not allowed to enroll in 32M during the second semester unless they had previously had 31M. I would urge that such items as this, and any others that occur to you, be checked up with the head of the department.

*or purchases made down town and charged to the dept.,*

*Hoover  
Dunkel  
Byron*

*Elbel  
Lapp  
Alphin  
Ripart*

Is this something on the order of what you  
want to send to the members of the de-  
partment? Are there other items which  
you wish to mention?

Yes thank you  
It is five dollars  
you

Reconstruction of Golf Course

No. 1 hole	Necessary improvements - filling in of ditch in front of green, possibly 20 loads of soil, and seeding on top so that all may be mowed out through the green. Level the paths in No. 1 fairway and build large 30 foot tees; sand and oil on the green once a year; removal of one tree, if possible. Estimate . . . . \$120.00
No. 2 hole	Seeding around greens and tile drainage under greens since it is built under a bank; sand and oil; removal of one tree if possible. Estimate . . . . . 60.00
No. 3 hole	Leveling of ridge between tee and green; tile drainage in the swamp and bunkers around greens; leveling of fairways and seed. Estimate . . . . . 75.00
No. 4 hole	Both trees need removing in middle of fairway; drainage tile above green just below old log cabin; sand and oil and new base construction; fairway seed. Estimate . . . . . 40.00
No. 5 hole	New fairway topping for whole distance; filling in of swamp and road across fairway; 30 loads of soil and possibly all new seeded fairway; green base of clay and oil and sand and oil top. . . . . 100.00
No. 6 hole	Good shape. Oil and sand on the green; 20 ft. tee and leveling fairway only. Estimate . . . . . 15.00
Total estimate of reconstruction of course . . . . . \$410.00	
	Rest would be labor and maintenance costs only      1400.00
	<u>\$1810.00</u>

I sincerely believe that this six-hole golf course can be maintained in first class condition for \$1500.00 a year provided student labor is furnished by CSEP.

If 3 more holes are added the maintenance should not be more than \$200.00 a year after they are built. Building three extra holes would be optional and require some moving of trees and extra labor.

It is my belief that this course could be supervised by expert hands and kept in first class condition with the above approved budget.

Sincerely,

Glenn Oatman  
Golf Coach.

Mr. Mark Krouch,  
Assistant State Business Manager,  
Topeka, Kansas.

Dear Mr. Krouch:

Some time during the spring, before school was out and before the new system of purchasing was worked out, we made arrangements with Mr. C. Gordon Hoffman to make some archery equipment for the Department of Physical Education during the summer. This equipment is to be used in the teaching of archery this fall.

Mr. Hoffman is now at his home in Oregon, where he uses his native birch and lemonwood to make these bows and arrows.

I am attaching herewith our Purchase Request No. 1202 for these items which we asked Mr. Hoffman to make, the total cost to be \$38.00. I trust this explanation of the matter is satisfactory, and that we will experience no difficulty in paying Mr. Hoffman.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.

My dear Dr. Allen:

This will acknowledge receipt of your letter of the ninth concerning an arrangement you have made with Mr. C. Gordon Hoffman to make some archery equipment during the summer.

I would suggest that as soon as the new blanks are issued you make up a purchase request for this equipment, attaching a letter of explanation to the request which no doubt will go through without any difficulty.

Yours very truly,

Karl Klooz

Mr. Karl Klooz,

University of Kansas.

Dear Mr. Klooz:

Not knowing nor anticipating the new order of requisitioning material, some time before school was out we made arrangements with Mr. C. Gordon Hoffman, an assistant instructor in the Department of Chemistry, to make some archery equipment for us during the summer.

Mr. Hoffman is now at his home in Oregon, where he uses his native lemonwood and birch material to make these bows and arrows. His bill will amount to \$38.00.

I am wondering if we will experience any difficulty in paying his account when it is presented and the equipment delivered. I shall appreciate your advice on this matter.

Very sincerely yours,

INSTRUCTIONS TO STUDENTS DESIRING TO MAJOR IN THE  
DEPARTMENT OF PHYSICAL EDUCATION

Chairman of Department: F. C. Allen, room 105 Robinson Gymnasium

Professors: Allen, Naismith, Hargiss  
Assistant Professors: Elbel, Hoover, Dunkel, Lapp  
Instructors: Allphin, Conger, Raport  
Assistant Instructors: Byrn

The Department of Physical Education offers a four-year curriculum for both men and women students desiring to specialize in Physical Education, leading to the degree of Bachelor of Science in Education.

Students desiring to become teachers of physical education or coaches of athletics with a major in physical education must register and enroll in the School of Education. Majors in physical education must present an academic minor of at least 20 hours in some teaching subject. Graduates who have completed this curriculum will, on application to the State Board of Education, receive the three-year renewable teacher's certificate without further examination.

In addition to the general admission requirements, students seeking admission to the four-year curriculum in physical education shall be required to present a certificate of physical fitness as a result of the physical examination at the University of Kansas Student Hospital. Each student shall be required to take an annual physical examination at the student hospital and to maintain satisfactory physical fitness.

Four-Year Curriculum in Physical Education

High School and General School of Education Requirements (for men and women):

3 years English  
2 years Physical Science or 2 years Mathematics  
2 years Biological Science  
2 years Social Science

Any items not taken in high school must be included in general electives.

Five hours of college work counts as one year's work in high school.

Enrollment

Enrollment is in the Department of Physical Education in the School of Education, starting at the beginning of the Freshman

Required Hours for Graduation - 124.

19 or more hours of Education

30-40 hours in Physical Education

Grade Point Requirement

Cumulative grade points, 140

Average in major, 1.5

Prerequisites for Practice Teaching

80 hours and 90 grade points

1.5 grade point index in the major

Academic minor

All candidates for a degree will be required to present an academic minor of at least 20 hours.

Failures

Students failing in more than forty per cent of their work will be placed on probation for a semester. This probation will involve reporting to the dean at specified times. If no improvement is shown at the close of the second semester, the student shall be withdrawn. A standing committee on reinstatement shall have power to act on petitions from students who have been withdrawn under this rule.

Maximum Load

The normal enrollment shall be 15 credit hours per semester. Any deviation from this standard will be made on the basis of scholastic achievement during the preceding semester, but in no case will a student be permitted to enroll for more than 18 credit hours.
