Dear Doctor,

I am at Leavenworth getting a physical examination check up and do not think I will be home until next Wednesday.

Regarding life guard job for open hours at pool, I promised Gene Greeter and Frank Drivin they could work again this year. They gave good service, and were always on time.

In case you wish to make different arrangements about the guard work, I will be in to see you just as soon as I return to Lawrence.

Sincerely,
Herbert H.
