

February 27, 1939.

Dr. E. R. Elbel,
Department of Physical Education.

Dear Eddie:

I want to thank you so much for the thoughtful tribute that you paid me during the game Saturday night. I had my mind very much on the contest, and I will admit that I did hear parts of your introduction but I thought it was intended for Dr. Maismith.

If at the moment I seemed not to be at home you will understand it by knowing that I was so preoccupied with other things that I failed to detect that you had said those nice things about me.

Thank you so much.

Cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
