

39. ELEMENTARY SCHOOL PLAYGROUND ACTIVITIES. Three hours credit. Required of all candidates for the elementary school certificate. This course is intended to acquaint the student with theoretical and practical aspects of play in the school program. Play will be treated with reference to its purposes and values for both the individual and the group. Desirable habits, attitudes and activities for the individual's physical development, social adjustment, and the proper use of leisure will be stressed. Definite attention will be given to techniques, equipment and administration of play activities in the elementary school.

Stapleton.

Spring semester. In summers, alternate with #40.

(Part of program for Sixty-Hour Certificate in School of Education.)
