

in determining the grade for the student.

RESTRICTIONS

That the department of Physical Education reserve the right to restrict the selection of activities in accordance with the findings of the student health department resulting from the physical examination of the student.

FEES

The department suggests that all students enrolled in Physical Education classes be required, as in the past, to pay a fee of \$1.50 each semester of the ^{Freshman} Freshman year and \$1.50 each semester of the ^{Sophomore} Sophomore year.

COURSES OFFERED

The Department, also, suggests that each course listed below be a half semester in length. The student enrolling for an outdoor activity in the fall semester which would continue for the first half semester, and at that time he would be required to re-enroll within the department for an indoor activity for the remainder of the semester. During the spring semester the same practice would be followed except that the indoor activity be chosen first. The average of the grades for the two half semesters' work would determine the semester grade--one hour credit for the semester. This method has been followed by the Women's Department for some time and has been considered satisfactory. It is also suggested in this respect that in swimming classes upon the advice of the instructor, the student be allowed to continue beginning and intermediate swimming for the entire semester.
