

November 13, 1945.

Dear Bobby:

I just received the letter from the Rock Island for you and am sending the same to you. I would suggest that if you care to you can write these people in Philadelphia telling them that you are a medical student at the University of Pennsylvania and that they can call on you there or direct their correspondence to you at your local address. That would facilitate my sending it back and forth, and when they find that you are a medical student there I believe they will be a little more prompt in giving you the money.

I am just hurrying this off Saturday morning so that you will get it Monday. We play the Central Missouri State Teachers College of Warrensburg this afternoon so I am just cleaning off some odds and ends. I got a letter from Ray Evans this morning, acknowledging the Jayhawk Rebounds, as you acknowledged in your letter of Monday. The boys do seem to appreciate it and I am glad to be of any service that I can.

We are playing a Homecoming game against the A.S.T.P. here on Friday evening. They are having their Homecoming celebration in Hoch, and are building the basketball game around it. Our boys are awfully light but when we get our full power I believe we will have a pretty good team. We have a light team now and a strong wind would blow them out of the hall. The Army boys are big and tough. They have boys from Pennsylvania, Illinois and Indiana, and they look good, but it won't hurt the boys to perhaps get a licking in the early stages because they are against some very tough competition.

I enjoyed your discourse on the Penn game. I listened to it over the radio and it seemed as if Navy had tremendous power and grew stronger due to their reserves and the scarcity of Penn's reserves. Mit was at the house last night and when I came home and got your letter I read it to him. I will send the letter on to Mother so that she will have the advantage of reading another letter from you. I wrote her night before last.

I just called Mr. Cote this morning and he already has your ticket from the office on the 18th of December from Chicago to Kansas City, and he is now wiring Chicago for the parlor car ticket for January first, Kansas City to Chicago.

Mother will get home December 6 so she will have plenty of time to play for a nice Christmas.
