Dear Uncle Phog,

We received your letter on the 9th and I am writing a return letter willy-nilly. I would enjoy and appreciate an opportunity to see the basketball game Saturday. Mother is not very anxious to go out as she has her sister sick in bed now and cannot leave. I think four tickets would be enough as mother is not going. As, if you take the Kansas City paper, you know our football team was ^{the} championship team this year. If there are any teams this year who are playing in the Municipal Auditorium I wish you would let me know as Jim and I enjoyed the games last year immensely.

Sincerely yours,
Dick Allen
D.A.

P.S. Will look for the tickets at the office.
