

I would tell Hubert when you write him that you want it to use for Put's college education and ask him if he won't even pay \$10.00 a month. He could certainly do that if he wants to make good. If you had asked my advice I would certainly have advised against it, but of course that is too late.

I am awfully happy that you have Put and that Put is doing things to make you proud of him. He certainly owes that to you. It is fine that Put, Sr., still keeps you on his list of correspondents. He must be a grand fellow. When you write to him please tell him that we think he is doing a swell job in pushing the Heinies back in the hole from which they started. No, I never had the pleasure of meeting him, but Dick often told me what a grand fellow he was and I wish you would extend my best wishes and congratulations to him.

I am awfully glad to know of the success of Hubert, Jr. He is a fine boy. Bobby Allen will finish the University of Pennsylvania Medical School in less than a month and will interne at Bell Memorial Hospital in Kansas City, Kansas. Mary and Pete came in from Palo Alto yesterday morning and are visiting for a couple of days. Pete will go on East, and Mary will stay here for about a month.

Jane is home for a few months due to the fact that her husband, along with other Navy lieutenants had orders to send their wives home from the Chicago station. So Jane is with us for an indeterminate time, probably for the German war duration, at least. That looks as if it won't be too long.

No, you certainly have not asked too much of me. In fact, anything that I can do I want you to feel perfectly free to call upon me.

I am glad to know that Put played on the Heart of American ball team. I know how proud his father would have been to see him so high in academics, athletics and musical scores.

With all good wishes and assuring you of my very definite interest in you and Put, I am

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
