Forest C. Allen -

Received your letter
on regard to the 40
acre tract you own
I didn't make it plain
enough on my letter about
the cleaning up of the
field. The brush are
getting unshiftable
it. There are 4 or 5 acres
on it that are large
enough to make stove
wood. It has grown
up pretty bad all
over with sprouts.
We would like to have
a little more ground
for corn or sorgho to
