Dear Tom:

I am enclosing my check for \$15.18 to cover the attached bill, but I am very strenuously objecting to the item for \$2.00 which seems to cover a number of small jobs. Most of these things are done free of charge at any service station in the country.

If items are sold to me I want each one of them listed separately - such as the bulb, for instance. I consider it a personal offense to submit a bill for a number of small services that ordinarily would be done without charge at any service station.

Sincerely yours,

Director of Physical Education,

Dear Eleanor:

I saw Betty Jeanne Hess on the street this morning and she said, "How is Eleanor?" I said, "She is fine, is enjoying herself, and has a lot of interesting things to write about."

Betty said, "Be sure to tell her to write me. I haven't heard from her for a long time."

Every time I see Betty Jeanne she asks about you so I believe it is up to you to drop her a little note. I am sure she is one of your very fine friends and I am sure that you want to keep her that way.

I always read your letters to Mother with great interest and I always hope that I will have time to drop you a line from time to time, but since Betty has asked about you so often and again this morning, I felt as if I should suggest that you write.

We are just getting ready to go to practice so I had better stop and get to work, but I do want you to know that we are happy that you are going to graduate and we trust that your happiness will continue with Gil all through your life.

With every good wish and affection, I am

Mr. Robert E. Allen,
3904 Spruce Street,
Philadelphia, Pa.

Dear Bobby:

Certainly enjoyed hearing from you and am glad to know there is a possibility of your getting home in between semesters. I am sending you a check for \$15.00 to pay for your eats if you can arrange it. Mit, you and I will have a few golf battles while you are here that week. In fact, I will put off a lot of things to get to play with you, and I know Mit can arrange it.

Of course, something might come up that you could not make the trip, but in that case you keep the money and spend it the way you desire.

We are leaving Friday night without Charlie Black, and of course that will be quite a load, but our boys are imbued with the determination to turn in a good pair of ball games although we may get whipped one or maybe both the games. I would be surprised if we lose both of them. However, anything can happen on those northern trips because the style of playing is so much different and the officiating is foul this year because so many fellows are in the service.

Charlie's temperature has been normal two days and I just have a report from the hospital today that it is continuing normal. I talked to Dr. Peete today and he said he would stand on his reputation that Charlie did not have pneumonia. However, it is needless to have any controversy about the matter, but I would bank on Dr. Peete's diagnosis as better than some of the others. And Dr. Canuteson has not stated emphatically that he had pneumonia, so it leaves but one physician with the diagnosis of pneumonia and he is a practicing physician in town. Some doctors diagnose cases as pneumonia so that they have a great reputation as curing pneumonia.

I wish that I might have a longer time to write you but it seems I never get around to doing all the things I want to. Give Eleanor my love when you see her and tell her that I always enjoy reading her letters and expect to write her but something generally crowds my time so that I am unable to go through with my good intentions.

I am glad you are feeling better and I hope that you will be able to make arrangements to come home for a short visit. With all good wishes,

Affectionately,

Your Dad

Dear Mary and Pete and Wibble-Wobble and Joan and Sonny:

Thank you all for your lovely Christmas presents.

I met Norman Becker when we were playing St. Bonaventure's at Buffalo. He is coaching and teaching at Chautauqua, New York, and he was in Buffalo trying to get a position as a G-man. He told me how fond Mrs. Becker was of you and I am sending you his address in case you might want to write the Beckers. I know they would be delighted to hear from you.

Pardon my haste because I am very much on the move as we are leaving tonight for Norman, Oklahoma, to play the Sooners tomorrow night, and it will be a tough one.

With love,

Affectionately,

While we were in Detroit we met a Mr. and Mrs. James W. Orton, 18920 Sorrento, Detroit, Michigan. He is an engineer and very prominent, I understand. He asked about you and Hannah, said he used to go with Hannah, and wanted to know all about you people.

I am just passing along this information so that you and Hannah will know that you had some well-wishers in Detroit.

We had a nice basketball trip East and won all of our games, which was a happy experience. We traveled with the University of Southern California in all four games. They were successful in all their games, and so were we.

With all good wishes, I am

Sincerely yours,

Dear Bobby:

I was just cleaning out my clothes and I came across your telegram sent to the boys at the Buffalo Athletic Club, as follows:

"Make Kansas proud of another fighting team. You'll win
tonight. Bob Allen. "

The wire was not delivered to us until we returned to the Buffalo Athletic Club after our conquest of St. Bonaventure's. But at the same time it gave us a fine pick up to know of your interest and also heightened our pleasure because we had played the first good game of the year. We have been rolling along nicely since we last saw you. We whipped the St. Louis Billikens by playing a beautiful game, and Monday night we took Jack Gardner's "Clippers" in a scintillating, furious and rough game. It had the spectators wowing all the time. Gosh, it was a rough one. But we came out uninjured.

I am asking that the Kansan be mailed to you so you should be able to read the results of our games regularly. I had Mit sit on the bench with us Monday night, so now we have got it arranged that when we go East we will have an Allen on the bench beside the coach. Mit seemed mighty happy the way the team is going, and I really believe, Bob, we are on our way.

Thanks for your fine scouting and good help. You did a fine job and it was great to have a visit with you. We will be awaiting anxiously those August days when you and Mit and I can have some good golf battles like we had last summer. Keep plugging along and it won't be very far distant until you have that sheepskin, and the war will be over, and we will all be together again.

Affectionately,

Director of Physical Education,
Varsity Basketball Coach.

Mr. Robert E. Allen,
3904 Spruce Street,
Philadelphia, Pa.

Dear Bobby:

Your dandy letter arrived just in time. Mother gave it to me yesterday, and this morning I had several copies made so each one of the boys could carefully study it. I have one tacked up on the bulletin board with your diagram and the Aggie line-up, with all the plays. The extra copies have gone to Dean and when the boys are worked on Dean hands them a copy and lets them read it. Then when they come tonight to dress they will have plenty of time to read over the copy on the bulletin board.

The reason I had these copies made, rather than to post the original letter, was because of the fact that you wrote on both sides of the paper, and it is much easier for them to read when it is type-written and only on one side. The continuity of thought follows more rapidly.

Your analysis of A. & M. and the scouting notes are splendid and I greatly appreciate your taking the time to do it.

There is only one sour note in the preparation for the Oklahoma Aggies, and that is the fact that examinations have been changed from the original schedule. The examinations started yesterday, and today practically all of our boys are having two examinations this afternoon - one at 1:30 and one at 3:30. That gets them out at 5:30 and they will get no rest at the hotel. This is the first game that we have played for years when the boys have had no rest. I am feeling, however, that our morale should carry us over. I am hoping so, at least. Everybody is in a good mood and we are clicking both physically, emotionally and mentally. Of course, this might be the game that we get knocked off, but if we should it will never set us back to that low that we had before. There will be no caustic words when we lose because I know the boys will give their best.

I am glad that you are happy on account of the Kansas victories in the east. Some of those half-baked toady boys think only superiority resides in the east, and nothing west of the Hudson River.

With lots of love and luck to you, I am

Sincerely yours,

Dear Phog-

I was rummaging over some old papers the other day and found the enclosed letter and notice. I think you'll get a kick out of them. You'll recall the Kansas team wasn't doing so well and a victory for Missouri seemed certain. Then Bert said he knew that he could solve a defense for the Big Husky tigers. He closed his office, placed the enclosed envelope notice on his door & made his headquarters at McCook field until the day of the game.

I recall we carried a story about it in the old Journal - a banker called me after its publication and offered to bet \$10 on Missouri. I took it and saw the game - It was the most thrilling climax I ever witnessed on a grid iron.

If Bert is still about, give him the enclosures and also my best regards. He was an ace.

Sincerely
Ralph Lewis

Mr. Robert E. Allen,

Dear Bob:

I am sending you a postcard that I received from Philadelphia. Will you please tell Barney Sheridan, or you, whoever wrote this post card, to sign your name if you want a K.U. pennant? Now, I'll bet you say, "The old gentleman is getting smart in his old age," but remember, tomorrow is my birthday so I have got to feel young and frisky because I am 57.

Bobby, I thought that I would write you a short note and let you know that I am always delighted to read your letters that come regularly Tuesday morning.

We are practicing four nights a week - Monday, Tuesday, Wednesday and Thursday. Our schedule is pretty long and arduous. I will send you the personnel of the outfit pretty soon. The way it shapes up now it looks as if Bill Brill will play guard with Ray Evans, and Schnellbacher will play forward with Charlie Black, and John Buescher will play quarterback.

Jean came down Sunday before last and we had a fine visit. She seemed to feel that it will be impossible to travel, but the Santa Fe people have told me emphatically that both the Pennsylvania Railway and the New York Central will have no difficulty in offering transportation. We will perhaps follow the same routine that we used on our New York trip before - ride the day coaches and stay in hotels at night. I received a letter from Ned Irish and he states that both the eastern railway companies have promised uninterrupted travel service. I imagine if a fellow tried to get a pullman he would have difficulty, but the day coaches afford the best under the conditions. Trains may be late but I believe if we plan on it and allow some extra time for delay that we will be able to make it in good shape.

Schnellbacher and Evans are both out for football and of course will not be released until after Thanksgiving Day. We play the freshmen on the first of December. We were to play the Fort Leavenworth Reception Center, Ted O'Sullivan's outfit, but they called off all their games. The Pre-Flight School at Iowa City also cancelled all their games, so there will be some readjustments in our schedule. To get one game before we play Jack Gardner's "Clippers", we will play the freshmen here the night of December 1.

The freshmen have Billy Dewell, the Newton star who is a brother of Johnny Dewell that you played against down at S.M.U. He is quite a boy. We also have Bud French, a star from Central High School of Kansas City. Marvin Sollenberger and Dick Miller are coaching the freshmen. Murray Brown went to Topeka in the physical education set up in the Topeka High School, so we hired Solly and Dick. Both of these boys have one semester of eligibility, but I figured they would not be productive of much good especially when we are going to Madison Square Garden and we would have to change the line up the second semester, so I suggested to Solly it wouldn't be worth while - so he is not out for basketball. I will try to send you some clippings from the Kansan from time to time so that you can keep up with the progress of the team.

Mother and I both spoke about Penn's loss to Penn State last Saturday. I know that must have been terribly disappointing, but upsets will come and doubtless Penn faced the problem of finding good forward passers. Maybe Penn State capitalized on that after the loss to the Navy.

Give my regards to Barney Sheridan and tell him to keep on hitting the ball. And here's the best of luck and best wishes from the Allen clan.

Affectionately,

Dear Mary, Pete, Sonny, Joan and Libby:

It was awfully nice of you to send the lovely wire that you sent me upon the occasion of Father's Day. You know that any message such as the one you sent would make any father feel very happy and proud. Therefore, I am acknowledging with full appreciation your thoughtfulness and your sentiments.

Bobby is home, as well as Eleanor, and they seem to be enjoying health and happiness in the old home at 801 Louisiana St. Mit is taking his state bar examination today in Topeka. He will be busy today and tomorrow and Wednesday morning. If he passes his exams he will then be licensed to practice in the State of Kansas. I am quite sure that he will acquit himself with honors because he has applied himself very diligently.

We are having three baseball games today at 4:30 in our recreational league here at the University, and we have a street dance tonight with cornmeal as the medium between the leather soles and the concrete driveway out in front of the Chemistry Building. They are barricading the street, and we will have a thirteen-piece orchestra to do the music. So I am quite sure, with the clearing weather - the first of its kind in three weeks - that the human animals will come out and enjoy themselves.

Pardon my short note, but keep in mind that the length of the letter is not in proportion to the appreciation that I have for your thoughtful wire.

Dear "Pete":

Along in April and May I had quite a bit of correspondence with Rosalind. She asked me to write her in care of Miss Lucille Raubinger, 225 South Osage Street, Independence, Missouri, which I did. She desired that letters go there rather than go to her mother.

When she was in Lawrence she told Bess that when she registered for war service or something she had told Agnes that she was going to register under her real name, Rosalind Allen, and that her mother did not say much about it. When she came out here she wanted to know all about you and any bit of news she was eager to receive. She had heard that you had been raised to the rank of colonel and she was immensely proud.

It is none of my affair but I know that she would be more than delighted to hear from you occasionally.

I trust that Hannah and Marjorie are well. Mary told me of her fine visit, and Pete and Mary have written saying they enjoyed themselves immensely.

It is not necessary that you send this correspondence back.
