Dean Henry Werner

University of Kansas

Dear Dean Werner:

I am enclosing two application blanks, one for myself, and one for our family car. I use my Buick in the many calls that I have on the hill and down town. Eleanor and Bobby use the other car between them.

I would appreciate your granting this concession as you did last year. The tags were out and you did not give one for the Oldsmobile.

Sincerely yours,

Director of Physical Education and Recreation

Dr. Allen:

Re: Income tax

Mrs. Allen told me over the phone that the income is taken from Jan. 1, 1940 to Jan. 1, 1941.

She stated you had no mileage indicated on last year's tax report but you had claimed exemption in the amount of \$14.27 - this was computed by taking 1¢ per gal. as Federal tax on gasoline. At 1¢ a gallon this would mean 1427 gallons of gasoline. Mrs. Allen said she thought you said once that you made 10 miles per gallon - so that would be 14,270 miles during the year. Of course, this probably isn't near the mileage you actually travelled, but it gives you something to work with. She thought perhaps if we could look up on your College Station bills and see how many gallons you bought this year we could figure it pretty close - and we could also check from your trips made for speeches, etc.

Mrs. Allen said she read in the paper somewhere that exemption may be claimed for a business car - and since no exemption is being made on children now she thought you should put in all repairs and upkeep on the Buick.

I had intended to look these up for you this afternoon - but again time was too short.

lg

See you at 7:30

P.S. Mr. Smith at the College Station reports that the tires were purchased on Sept. 20, 1940 and the mileage at that time was 37,762.

Tires cost \$61.85 (includes tubes)

Dear Jimmy:

I am sending you a check for \$19.16, the total of which includes the Buick Annex bill of \$1.50 and the item of \$18.41 for my Buick, minus the 75¢ charge for straightening the right rear fender.

I will bring the car down and show you the job on the fender. I think it is unsatisfactory and I believe you will agree with me. Personally, I think it looks much worse than it did before.

Dear Dr. Reed:

I am enclosing a check for \$5.00 for my
registration fee for the year 1940-41.

I attended the meeting in Kansas City for
the postgraduate requirement. I do not know what I
did with the statement, but Dr. Bice of Lawrence, Kansas
can vouch for me. I am rather hazy as to whether I sent
it in to you or not. If not, I have it in my desk here.
Will you kindly tell me if you are in receipt of it and
if you need this statement, or whether you will check the
records in Kansas City? At any rate, I know I can furnish
the credentials for you if you desire them.

With all good wishes, I am,

THREE BOOKS GIVEN—for \$36 deposit

One of the heaviest expenses of the Book-of-the-Month Club service (an expense that can be avoided) is caused by the sending out of monthly bills, and the necessity of making debit and credit entries every month on tens of thousands of subscribers' accounts.

Our auditors have calculated that when money is deposited in advance by subscribers for books they will later purchase, the resulting saving in expense enables us to make the above concession.

Subscribers who thus make a deposit in advance, retain all their present privileges. The amount paid in advance is not for any specific number of books, nor for any definite period of time, but

for \$12.00 or \$24.00 worth of books. In particular, it should be understood that it does not obligate the subscriber to buy a book every month. It can be used up as quickly or as slowly as the subscriber finds books that he wants to purchase. When it is used up, the subscriber will receive a statement of his purchases up to that date.

The advantages of paying in advance are obvious: *you receive a free book or books, and you are also saved the nuisance of paying small monthly bills.* Incidentally, by relieving the Book-of-the-Month Club of a great deal of avoidable bookkeeping, it helps in general to improve the character of the service that can be given you.

My dear Hub:

Thank you for your very good letter of the 27th instant regarding your very interesting move to Alton, Illinois, and your fine set-up there with the Alton Clinic. I am glad to know, also, of your excellent connection with Washington University. That is a dandy connection and I know that you will do a fine job with all individuals and schools concerned.

And too, I want to thank you for writing Dr. Needles. I have not heard from him, but doubtless I will be hearing at an early date.

Dear Uncle Phog:

I was very glad to have your letter of the 19th. Much has happened since I saw you in the winter, and I am now living in Alton. About the first of May, I received an offer from the Alton Clinic to do their Obstetrics and Gynecology on a contract basis for three years, with a partnership at the end of that time. I investigated from every angle, and submitted the proposition to Dr. Curtis who, in turn, investigated the set-up. We found nothing out of line, but on the contrary, a rather exceptional opportunity. In addition I have a teaching position at Washington U. (Barnes and St. Louis Maternity Hospitals) so I feel that I am happily situated. A very important factor is the freedom from economic pressure.

I wrote Dr. Needles about the equipment you mentioned, and he feels that he can do some good on getting the right price. I furnished him with all serial numbers and descriptions, so you will doubtless be hearing from him at an early date.

I was delighted to hear of Jane's approaching marriage, and wish her every happiness. I predict a brilliant career for Bobby at the University of Pennsylvania, and certainly approve his choice of schools.

Dear Dr. Allen:

Thank you for writing me as you did and I am going to accept your offer of \$3.50 for the book.

But I must tell you what a bargain you are getting -- I usually charge \$10. for my books (and never come down!!!). I don't know what prompted me to quote you \$5.00. So I am really letting you have the little volume at 1/3 the usual cost.

I am sure your family will appreciate having it in this form. And thanks again for your kind letter.
