My dear Wibble-Wobble:

Gee, it was swell of you to write me the lovely letter. I appreciate hearing from you very, very much.

I know how much you must love that cute little baby across the street. You congratulate Mrs. Robert E. Hatton for me, will you? I am glad that she can make your neighbors happy as well as increase the happy members of her family.

Congratulate Joan, also, for me on her wonderful birthday. I am glad that she got so many fine presents from so many lovely people, and Wibble-Wobble, I want you to know that I am very proud of some fine granddaughters and grandsons that I have. One of them is you, Wibble-Wobble, and of course, there is Joan, Sonny, and Judy.

Judy was at our home last night while her Father and Mother attended the Phi Psi dinner. When I came home, I found her there and I said "Well, Judy, where in the world did you come from? This noon when I came home you were not here and I looked in the waste basket and under the Frigidaire, in the pantry, under the desk, and in all the drawers and I couldn't find you. But here you are now! How in the world do you happen to be here?"

Gleefully, she jumped up and down and said, "I just come now."

Then she went over and kicked the waste basket and rustled the papers around and said, "Did you look for me in here?"

I said, "I sure did, Judy, because I saw a little mouse in there once and it rustled those papers and I thought maybe you might have been in there, but you weren't."

She said, "Oh, Phoggie, you're foelin'."

Do you think I was, Wibble-Wobble?

Give my love to your Mother and Daddy and all of your fine family, even that Hans Schnieckelbeans and that Alley-gal dog of yours, Tell them all that I said "Hello."

Bobby got his elbow hurt in the Kansas State game and I am afraid he is lost to our team against Nebraska tonight at Lincoln. He can hardly use his arm at all although he did stay up until 2 o'clock Friday morning studying Physical Chemistry. Your Grandmother is terribly worried about him and thinks perhaps that he will not survive the basketball season. I believe he will, however, because he loves the game and without basketball, his life would not be complete, I feel. Our team has done much better than I had ever hoped so whatever they do from now on out is more than I hoped and I am thankful for their efforts.

With lots of love, I am affectionately

Granddad

Mrs. L. P. Hamilton

Mary dear and your family:

I was out at Medicine Lodge last night and met Mr. L. I. Cushenbery, Attorney at Law, who graduated from Washburn College. He married a girl who was in school with you and they called her "Nee High", doubtless you will remember her. I did not get to meet the young lady who is the mother of Cushenbery's two children, but he told me his wife was in school with you and you would remember her very well.

I ran into a flock of Washburn College lawyers who were practicing out there, and of course they had all graduated under Harry K. Allen at Washburn, and they all know cousin Florence. She seems to be the patron saint of the Washburn school. I am sending you a carbon copy of the letter that I wrote Mr. Cushenbery so that it might aid you in recalling some of your connections with "Nee High." Mr. Cushenbery made a special point to impress upon me the fact that his wife had gone to school with my daughter.

I am sorry that you or the family could not come up for Easter, but I know that you will enjoy attending commencement much more than the short stay during Easter. It would interfere with the children's choir work in church and their school work would suffer. This way, you will have all the annoyances to the minimum because school will be out and there will be the added pleasure that Bob is graduating, prior to his leaving for the East. Also with the honor he has gained, his graduation will take on an added significance.

I wish I might write more to my family but I am always on the run. Medicine Lodge is 306 miles from here. I drove out yesterday and drove back part of the way last night and came on in this morning and arrived here at 10:13. I am leaving at 10:45 for Kansas City, Kansas to speak at the Kiwanis noon banquet for the Wyandotte High School Team which won the State basketball championship this year. Bob is going with me. This is Easter vacation, you know, so he will miss no school work.

And, after that, I will come back to Lawrence and work at the office a while and then leave later in the afternoon for Springhill, Kansas for another basketball banquet. If I should send you my speaking, coaching and teaching schedule you would be impressed with the fact that I would have to move to make connections almost as fast as Adolph Hitler would have to move on a bicycle were he riding through the Bronx. Well, life is very strenuous but interesting.

My love to all your dear family, from the top boss, Leander P., which includes his wife, his professorial son, his grown-up daughter, and that personable Miss, whom I have affectionately termed Wibble Wobble, down to Honzie, Dipsy-Doodle, and that illegitimate offspring of Dipsy's and Honzie's, whose name I do not recall at the moment. If there are any others I do not want to remember them; I am speaking of the dog family now.

With love and affection to you all, I am,

Your Dad

TO MEMBERS OF FACULTY AND ADMINISTRATIVE STAFF:

You have undoubtedly seen in recent issues of both the *Kansan* and *The Graduate Magazine* of the appointment of the Lindley Memorial Lectureship Committee, whose chairman is Roy Roberts, editor of the *Kansas City Star*.

The committee has carried on a mail campaign among their own acquaintances who were also friends of the late Chancellor. The committee felt that the best memorial for Chancellor Lindley would be a fund which would perpetuate through a lectureship his plan of "The Human Situation" and "Plan for Living".

The completion of this fund will be announced as one of the 75th anniversary gifts to the University. Inasmuch as a part of the fund has already been subscribed and that it will become a reality, we are addressing this communication to you to give you the opportunity of joining in a combined gift from the faculty and members of the administrative staff. You may make your check payable to the Kansas University Endowment Association, which agency will be trustee for the fund, and send your gift along direct to the Endowment Association in the enclosed envelope.

TO ALL PREFERRED STOCKHOLDERS OF
THE COMMONWEALTH LAWRENCE THEATRE CORPORATION:

At a special meeting of the Board of Directors of The Commonwealth Lawrence Theatre Corporation on July 12, 1941, action was taken to make a further reduction of the principal of the outstanding Preferred Stock of the company in the amount of \$15.00 per share, which when paid will reduce the outstanding value of each share to \$70.00.

In order to qualify and receive this money it will be necessary for you to deliver your certificate or certificates evidencing the Preferred Stock owned by you to the office of the company in the Jayhawker Theatre, Lawrence, Kansas, before July 31, 1941, in order that there may be stamped on such certificate or certificates a notation to the effect that the value thereof has been further reduced to \$70.00 per share by the payment of a liquidating dividend.

Will you therefore kindly deliver to us the certificate or certificates held by you for the purpose aforesaid. Such certificate or certificates will be returned to you, together with your liquidating dividend after such certificate or certificates have been properly stamped.

Very truly yours,

Mr. Hubert L. Allen
7216 S. Coles Avenue
Chicago, Illinois

Dear Hubert:

Congratulations on your move to Chicago and your branching out into real definite practice of obstetrics and gynecology. It looks as if you are in the big league now, boy, and I wish you every success in the practice of medicine.

Please give my kindest regards to the good wife, and although I have never seen Hubert Lee III and the other youngster, whose name I do not know, I assure you that we wish you and the family every success, and all health and happiness in the world that can come to a young and ambitious couple as well as their offspring.

Jane is in Chicago living at the Three Arts Club. I am taking this letter home and allowing the family to read it, and I am sure that Mrs. Allen will send the card to Jane, and doubtless she may give you a ring. As you know, Jane graduated from Stanford after she finished here and then last year she was with Richey Cooper in Kansas City, who works for the Saturday Evening Post, McCall and Vogue, and now she is in Chicago still carrying on to bigger and better things, she is hoping.

We had a visit with Jane in Chicago on our way back from Louisville, where we visited Mary and the three children at the end of this summer. I had a meeting in Chicago with the National Collegiate Executive Committee on the 6th and 7th of September, but of course we did not know that you people were in Chicago.

I certainly want to see you good people when and if our family in Chicago will give you a ring, but we do not know when that will be. I suppose the grandparents of the Dr. and Mrs. Hubert L. Allen issue get an opportunity to see the youngsters often.

With love and best wishes,

Sincerely yours,

Director of Physical Education and Recreation

Dr. Hubert L. Allen,
7216 So. Coles Avenue,
Chicago, Illinois.

Dear Hubert:

When I went to the file to get the letter that I had written you as of October 1, 1940, I find that through error the letter was dictated to Mr. Hubert L. Allen. You will please accept my belated apology for the error. I was looking through the files to find an address for Hubert, Sr.-anyhow, your dad.

I am in a little difficulty and I am wondering if you could help me out. I had two angles - one of appealing to you to see if you could get Dr. Needles to purchase a microscope for me at any reduction from the list price. Bobby has been accepted at the University of Pennsylvania and he is in need of a scope. I promised him that I would buy him a new one for a graduation present. He desires a Spencer #13MLH which is listed at \$272.00. Then, in addition, he wants a #387D Bakelite Sub-stage Lamp, \$3.85, and a #388 Bulb at 35¢. This would make the lamp complete.

Now, here is my difficulty at the University. We have a faculty member in the Bacteriology Department here who is agent for the scope, and of course the students in the school also get a cut on them as agent of the company here. I am not satisfied to pay this commission to these fellows when I can purchase them elsewhere, but the peculiar situation here is that I am stymied from getting the head of the department to order me one because his assistant is agent for the scope.

I thought perhaps you or Hubert could see Dr. Needles and get him to purchase one of the above described scopes for me and then I would mail him a check either before or afterward, but I do not want it to be known there that the scope is to be sent out here. You know these trusts and combines have a way of doing business that stops any strategy on the part of the individual purchaser if they know the whole story. I will appreciate a reply from you at your convenience.

Jane is getting married September 6th. She is still in Chicago and seems to like her work very much. She is marrying a chap there by the name of Mons. He is a graduate of Exeter and Princeton, and we think he is a pretty nice fellow. Maybe you have had a chance to say hello to Jane, but I doubt it because you people in Chicago have so many divergent interests that you seldom run across each other.

I am hoping that the Allens are all well. Give my kindest regards to the Mrs. and the little Allens.

With love and best wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,

Dear Mr. Baird:

You will please find inclosed my Travelers Insurance Company, Claimant's Affidavit Accident. I would gladly have had this notarized but you told me that it was not necessary.

When I was speaking to you the other day, we talked about basketball coaching and I forgot to mention to you the fact that I was coaching baseball this spring and the last date of our game with Kansas Aggies was May 23rd and 24th, and with Iowa State here, May 26th and 27th. So the partial disability should run until May 27th. I was impeded from coaching baseball in the same capacity as I was handicapped in coaching basketball.

If you desire me to fill out another blank, please mail me one and I will be glad to fill it out for you.

I went out yesterday endeavoring to play golf and my leg bothered me so much that I could hardly finish the game. I am continuing to take treatments and may decide on an operation although I would like to prevent it. The knee certainly is not improving and I am continuing with my treatments and expect I will. It is more of a permanent injury than it is a temporary one.

I am mailing you the bills I received from Dr. A. J. Anderson and from Drs. Bice and Eustace. You may send them a check at your convenience. I will accept settlement in full if paid up to and including May 27th, 1941.

Very cordially yours,

Lawrence, Kans,

Dear Sir:

I am trying to sell your 40 acres, but have not had any

luck so far. Will you take \$900.00 cash to you, and you pay no commission. Now I have a boy that has some money to invest, and if you can take that I think he will take it. So let me hear by return mail, and I will send deed and payment down, to hold until you get the abstract brought down. So I will wait your answer.

Dear Mr. McKinney:

I have your two letters of the 27th and 30th ultimo. In your letter of the 27th you ask if I will take \$900 cash and in your letter of the 30th you state that you gave Mr. Vaughn a price of \$1250.

Here is my statement and my proposition to you, Mr. McKinney. I will sell for \$1,000.00 spot cash with no commission figured in the \$1,000. I know that the 40 acres is worth that on the new highway, and I will get it. I will be glad to cooperate with you if you can sell it for \$1,000 plus your commission.

Yes, my father and you were very good friends and I have always thought a lot of you on that account. But you could not expect me to lose money in the transaction; neither would I expect you to do something for nothing. However, if someone comes along and offers me \$1,000 cash I will take it. If you can get the buyer for \$1,000 plus your commission I will be glad to deal with you. I will not sell for less than \$1,000 cash net, or for more money if it is on time.

Sincerely yours,

Director of Physical Education and Recreation,
