TO MEMBERS OF FACULTY AND ADMINISTRATIVE STAFF:

You have undoubtedly seen in recent issues of both the Kansan and The Graduate Magazine of the appointment of the Lindley Memorial Lectureship Committee, whose chairman is Roy Roberts, editor of the Kansas City Star.

The committee has carried on a mail campaign among their own acquaintances who were also friends of the late Chancellor. The committee felt that the best memorial for Chancellor Lindley would be a fund which would perpetuate through a lectureship his plan of "The Human Situation" and "Plan for Living".

The completion of this fund will be announced as one of the 75th anniversary gifts to the University. Inasmuch as a part of the fund has already been subscribed and that it will become a reality, we are addressing this communication to you to give you the opportunity of joining in a combined gift from the faculty and members of the administrative staff. You may make your check payable to the Kansas University Endowment Association, which agency will be trustee for the fund, and send your gift along direct to the Endowment Association in the enclosed envelope.

Committee For The Faculty,

Dr. F. C. Allen   F. J. Moreau
