

Although <sup>they</sup> are not doing anything spectacular, Steve Scudra finally got another start yesterday, as you may recall I hoped he would, and won his 7<sup>th</sup> straight game.

I played a game of golf with Mitt at Great Bend and shot a 40 although my drives were poor. My irons were good and putting is simple on those sand greens. Mitt got a 42. I have not played golf everyday here as I had hoped. I don't know many who play here, except Jim Mott, and he works some days. One day I played by myself but that wasn't much fun!

Well, Dad, let me know how your coaching school progresses.
