Dear Mr. Myers:

Your letters which were written me during my vacation are hereby acknowledged, together with your company's check for \$1006.77 in payment for the maturing endowment policy No. 341015.

I appreciate your sending the check so promptly, but the fact that we were off on a vacation showed that we were not worrying much about the receipt of the check which we were sure would arrive on time. You have been very courteous and very prompt in your business dealings, and I assure you if at any time in the future I can be of any service to your company it will be a pleasure.

Thanking you for your favors, I am

Very cordially yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
