Mr. F. C. Allen
801 Louisiana
Lawrence, Kansas

Dear For

I want to thank you for your check taking care of your September account. We really would like to do more business for you personally as well as your department.

Please remember I have always told you I would meet any price you would get anywhere and I mean just that. Our connections are the best in the United States and most of the time we are in a position to supply you with merchandise that you simply can't buy anywhere else.

If at any time you are interested in anything, please give us the opportunity. I will appreciate your business. As you know, the more business I can get out of K. U. the more I can do for the athletic department.

Kindest regards, I am

Very sincerely

OBER'S
