Dear Don:

Thanks so much for your brochure, "Rheumatic Fever:
Diet as a Predisposing Factor", and also the one on "The Differential
Diagnosis Between Syphilitic Heart Disease and Rheumatic Heart Dis-
ease".

I am reading them avidly and will take them home to
Bob to digest.

I just came across them, having missed them in my
mail.

I am sorry that I missed you Saturday. I saw Virginia
Jane and looked for you, but couldn't find you.

With kindest regards to you and your good family, I
am

Sincerely yours,

Dear Posty:

I took your letter to Mr. Earl Falkenstien, financial secretary of the Athletic Association, and he suggests that you get your tickets in Kansas City where you will be able to get a much better choice of seats. He had reservations here for more tickets than were sent him. He says tickets may be purchased at the Ruppert Stadium, Municipal Auditorium, and Vaughn Clothing Company, in Kansas City, Kansas.

Really, you will be in much better position to get your seats in Kansas City now than you would by waiting for us to get them and then peddle them back to you. Since the major portion of the crowd will come from Kansas City they are keeping most of the tickets there.

I talked over the phone this morning to Mr. Al Haas, in Kansas City, and he said four tickets is generally supposed to be the limit. However, I suggest you call him (Victor 6430) and you might talk him into letting you have a couple more.

Very sincerely yours,

Director of Physical Education,

Dear Phog:

Would it be possible to secure six tickets for the Missouri - Kansas game? I have a friend or two that are anxious to see this scrap, and they wanted me to secure tickets.

Incidentally, the old alma mater distinguished herself in grand fashion last Saturday when she beat Nebraska.

Please accept my thanks and appreciation for the wonderful job accomplished as Chairman of the K.U. Division of the Community Chest- War Fund Drive.

I know that this has taken a great deal of your time during a busy period for which the community is grateful. Your talk at the breakfast was very timely, and a great inspiration to those who heard it.

Thanks for a fine job!

Dear Fred:

Thanks very much for sending me the sport column of H. G. Salsinger in the Detroit News. I know Mr. Salsinger very well. He is a high grade gentleman and a clean sportsman.

Yes, I would never forget you. The boys on the early teams that I coached still silhouette in my memory very clearly. I saw Lamar Hoover in the Muehlebach Hotel last week in Kansas City. Lamar is still that fine, personable individual who believes that he is going to make his million some day. He hasn't gotten very well started but he is still optimistic.

I saw Arnett a couple of years ago and hear from him quite often from his home in Washington. I saw Cy Mason several years ago, but have lost track of him, as I have of Sample. Withro was down in Dallas when I saw him and had a fine visit with him. He is doing splendidly. Cub Brainard I cannot locate. Won't you write and tell me where the other boys are? Of course you knew Emil Liston had a very bad accident and he has not responded well at all from the break in his leg that he received a year ago while officiating a high school football game.

With all good wishes, I am

Dear Coach "Phog":

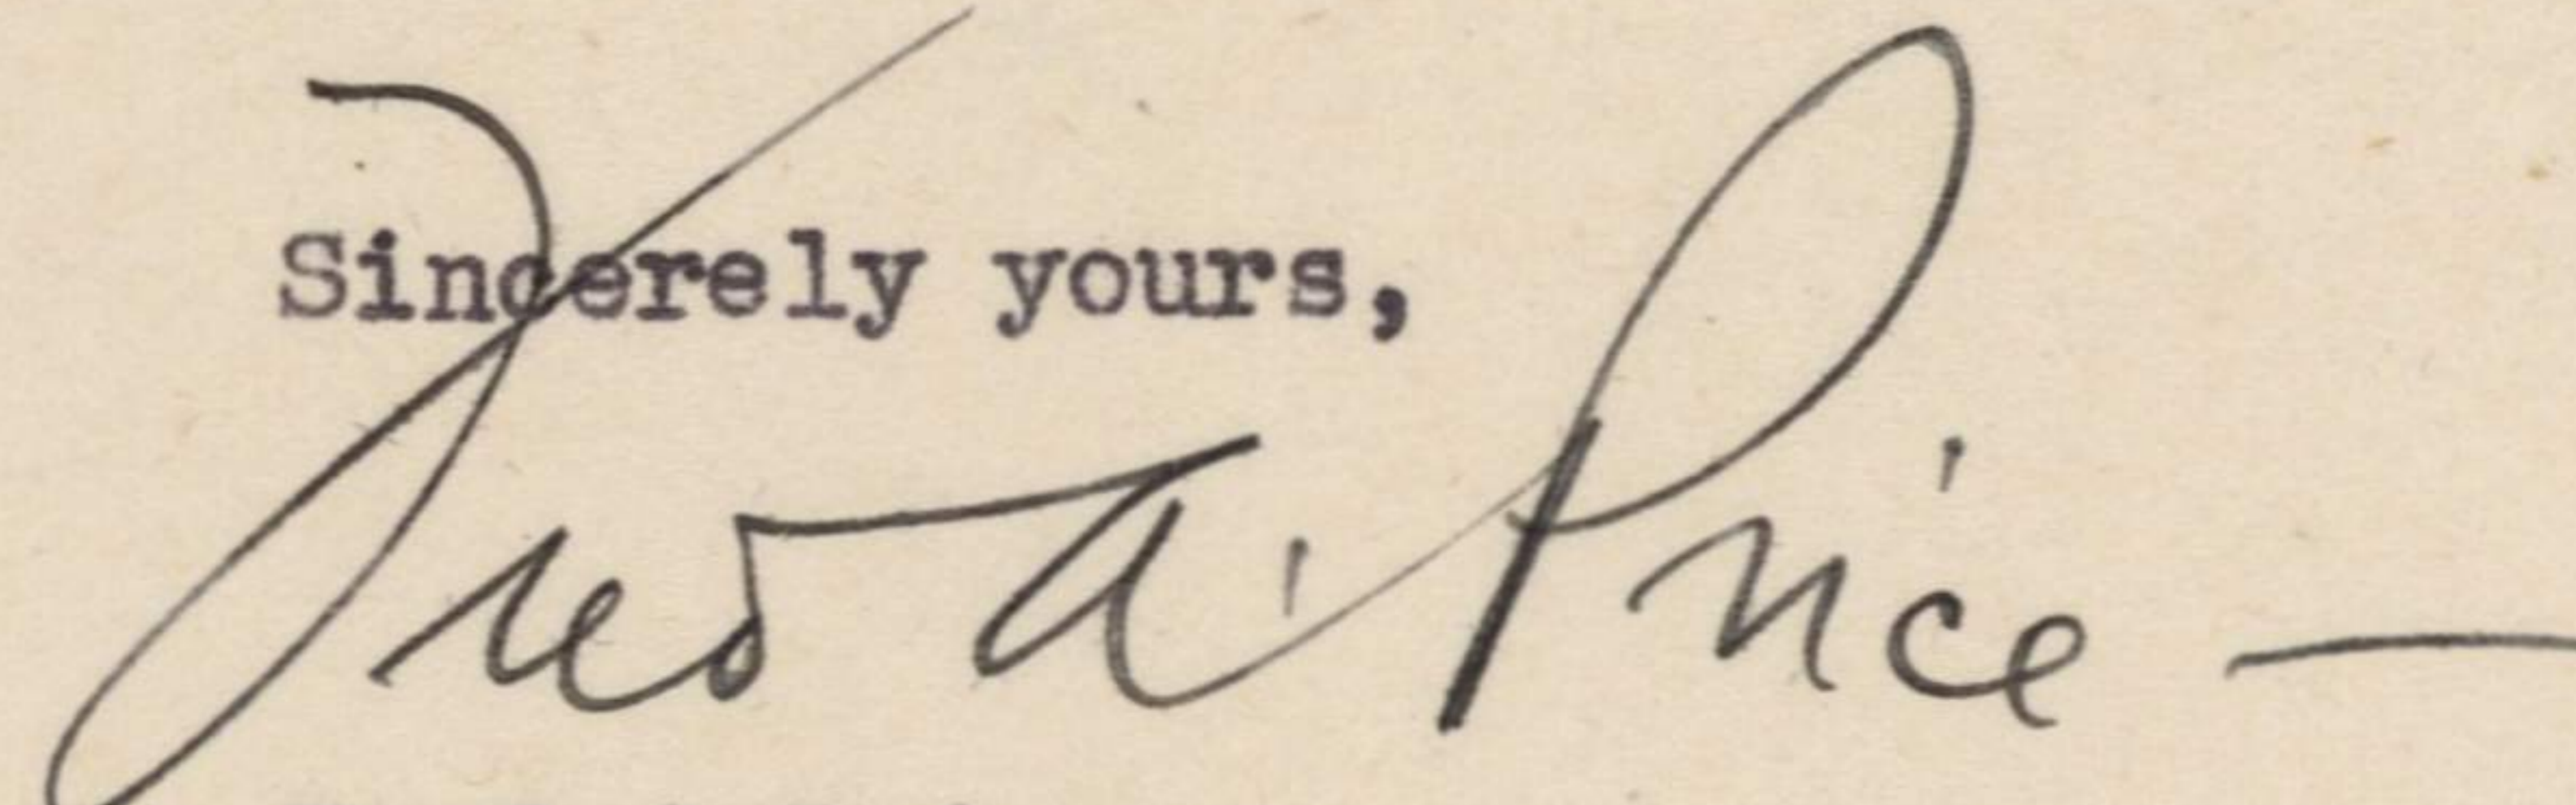

I am enclosing herewith a column appearing in yesterday's Detroit News. It is written by H G Salsinger, Sports Editor of that paper. I thought you might be interested in reading it as it makes reference to you.

Perhaps you dont remember me but I played under your coaching at Baker University. I was substitute forward on the old Mason-Sample forward combination. I was captain of the Baker Univ team in 1910.

I have followed with a great deal of interest the good work you have been doing at Kansas in recent years.

With best regards,

Sincerely yours,

Dear Coach Parrish:

I am sending you the diagrams of the backboard and the shooting lanes. These are ideas that you may elaborate upon in any way that appeals to you.

"Good field - no hit", was the report made by the Cuban, Gonzales, the scout for the Cards. He is a great scout and a great card.

I assure you that I too enjoyed being with the school. And as for "Little Bill" Miller, - well, he is still "Little Bill" to me. But I still maintain I have no personal differences with him.

With all good wishes, I am

Sincerely yours,

Dr. F. C. Allen,

Dear Dr. Allen;

In one of your sessions at the Kansas State High School Activities Association Coaching School, you stated that you would send the plans necessary for the diagramming of the backboard for shooting practice, to any one who would write to you asking for it. I believe that the increased accuracy it will bring to my boys may spell the difference between a win or a loss on numerous occasions, since we have been somewhat like the baseball rookie that was the subject of this report from the scout, "good field -- no hit".

I enjoyed your lectures in the coaching school very much, and feel that I can give my boys a better coaching job this winter. Was glad to hear that you and "Little Bill" Miller had finally come to a complete understanding ??

Thanking you very much, I remain

Sincerely yours,

Admire Rural High School,

President E. C. Pontius,
University of Tulsa,
Tulsa, Oklahoma.

Dear President Pontius:

I desire to thank you for your generous hospitality extended by you and Mrs. Pontius to Mrs. Allen and me. You were very gracious, and although we could not enjoy the performance of our boys, which seriously was up to my expectations, by comparison left the enthusiasm for Kansas rather dwarfed for Kansas alumni; however, they did as well as I expected, and Coach Frnka's gentility and consideration for our boys was greatly appreciated.

I still think you are the best college football president in the United States! And Henry Frnka rates way high in my estimation as a gentleman and a coach.

Again I thank you for taking so much time from your busy life to show the Allens your unexcelled hospitality of your school and your family.

I am sending you a copy of the monthly Jayhawk Rebounds which I get out to our boys overseas. Doubtless some of your faculty are doing the same thing for the many heroic University of Tulsa boys who are giving and giving and giving.

With all good wishes and deep appreciation, I am

Very sincerely yours,

Dear Elwood and Mrs. P.:

Congratulations on the arrival of Philip Elwood. Mrs. Allen and I both are very happy for you, and we trust that the mother and the young son are getting along famously well.

This "doc's bag" is a very clever arrangement. Bobby Allen saw it and smiled. He just returned from Philadelphia where he obtained his M.D. degree from the medical college there. He was president of his class, and yesterday we received another letter stating that Bob had been made chairman of the 1944 alumni medical association. That is for his medical class. Bob will interne at the University of Kansas Hospitals beginning November 1. He is now taking a short rest and a deferred honeymoon. He was married in April and went back hitting the ball, as he completed his medical course of four years in three without any vacation whatsoever.

I am sending you a Jayhawk Rebounds. Some of these names may not be at all familiar to you, but anyhow it will give you the doings and activities of the University here. I write these monthly letters to the boys overseas in an effort to do something on the home front for the boys who are doing the bigger job for us overseas.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. Don Carlos Peete,

Kansas City, Kansas.

Dear Dr. Peete:

I was in Mr. Quigley's office this morning and Earl Falkenstien handed me an envelope which I trust is self-explanatory. Roy Hamey told Earl that you left these three one dollar bills and apparently picked up the 80¢ from your \$20.00 bill. Earl wanted to know if I would see you soon and I told him I hoped so, but I did not know exactly when. Therefore, I am mailing it to you in this envelope.

Life still keeps up a pretty strenuous tattoo for me, but I hope to be seeing you in the near future. Sometime in the not too distant future I am going to be your self-invited guest at your dinner table. I don't know when it will be, but I am counting on it.

Jean and Bob are home from Philadelphia, and Bob is looking a little thin but is getting some rest and I am sure that it will not be long until he will get back his usual zip and pep.

Mary left for Palo Alto Sunday night at 12:36. Jane is still with us and seems to be enjoying her stay at home, as we certainly are enjoying having her with us. Mit, Isabelle and Judy come over for evening dinner and we have had quite a seance in the Allen household.

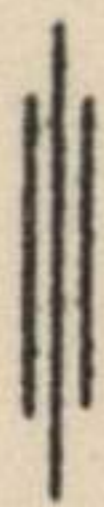

Give my kindest regards to your good family. With all good wishes, I am

To Whom It May Concern:

I am happy to state that I have known Ernest A. Pontius for twenty-five years and have always found him to be a most outstanding and upright citizen of our community. He is married and has two children, and also has an aged mother who lives with him and who is dependent upon him for support.

From the time of Mr. Pontius's young manhood and to the present I have known him to take a part in all community affairs for the civic welfare. He has been a radio announcer for Station WREN for a great number of years, and at the time of his going into service he was advertising manager for the Lawrence Daily Journal-World of this city.

He enjoys the confidence and friendship of the citizens of this community. In all matters of patriotic endeavor Mr. Pontius has always been found in the foreground. He is a substantial citizen, a splendid parent, and a fine gentleman. At his age I am very sure that if the service should see fit to release him for home duty, he would fill a very important place in the life of this community.

It gives me great pleasure to write this letter testifying as to Mr. Pontius's character, worth and stability.

Very sincerely yours,

Dear Doc,

Received your letter thanking me for the sword. I'm happy you got it O.K. Thanks for the letter. I am busier than I ever was during combat. Since I'm Bn. - S - 4, Special Service Officer, Athletic officer & Trust Judge Advocate plus a few other duties they keep me running. I am coaching the Bn soft ball team and we are undefeated at present writing with 15 games under the belt.

Bob Kreuznach throwing

We are doing our best to put on a big program with not near enough equipment. The shortage of soft balls & base balls is the toughest thing to overcome. We make our own bats. I have a fine basket ball court, outdoor plus tennis courts and a grand track, with swimming pool attached.

We are in beautiful country and the weather is of football variety. We don't know what is going to happen to us next but what ever it is we are ready -

Send my regards to all - As ever
John

U. S. Navy Pre-Flight School,

Dear Dan:

I am returning the short epistle from Frederic Nelson, the Associate Editor of the Saturday Evening Post. It was nice of you to write and I want to thank you for doing so. It is messages from such fellows as you to the Post and other periodicals that makes the people in charge feel that their work is appreciated.

I also acknowledge with thanks the clipping from Seo Taylor. He hit straight out, and in my opinion is a high grade sports editor. The gamblers are really on the run, and so are these boys who denied everything. Lawton Carver, the sports editor of INS in New York really took me for a ride. He said, "Who is this bumpkin, Allen . . ." and so forth. When the INS called me today I said, "Will you please write to Mr. Lawton Carver and ask him who is the bumpkin now? He really looks bad." His whole column was one defamation on me, and an hour after it was sent out as a syndicated article it was recalled by the home office, but it was printed by the San Francisco Call. And I am having a lot of fun now writing the managing editor of INS calling attention to their libelous article. I am doing it to put Mr. Carver on the hot seat, and I think I am doing a pretty good job.

I had a vine visit with Tom Van Cleave last night. He was in from the Pacific and sat on our bench during the Kansas-Kansas State game, which was a hillier-diller, dingdong, wampus-cat battle. It had them swooning in the aisles. Tom paid his respects to our mutual friend, Jack Gardner, and told me that you are especially fond of him. Now cuss, if you want to, Dan!

A hundred and ten "Purple Pepsters", "Wampus Cats", and outstanding citizens came down from Manhattan. I don't know how they got here, but I think they used tractor gas. It is wonderful to live in an agricultural state and see how they get around!

Mrs. Allen is always glad to hear from you, as are the Peetes. We talk about you a lot, and we will be hoping for the time when you can return to your nativity.

With all good wishes and appreciation, I am

Very sincerely yours,
