

October 23, 1944.

Dr. Don Carlos Peete,
4140 Cambridge,
Kansas City, Kansas.

Dear Don:

Thanks so much for your brochure, "Rheumatic Fever:
Diet as a Predisposing Factor", and also the one on "The Differential
Diagnosis Between Syphilitic Heart Disease and Rheumatic Heart Dis-
ease".

I am reading them avidly and will take them home to
Bob to digest.

I just came across them, having missed them in my
mail.

I am sorry that I missed you Saturday. I saw Virginia
Jane and looked for you, but couldn't find you.

With kindest regards to you and your good family, I
am

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
