

February 3, 1945.

Senator John A. Potucek,
Topska, Kansas.

Dear Senator Potucek:

Of course I do not handle the tickets for the basketball games, but I took your request in to Mr. E. C. Quigley, our Director of Athletics. Mr. Quigley had Mr. Earl Falkenstien, his financial secretary, call the Chancellor's Office, as the Chancellor is always desirous of taking care of the Legislature when they come to the University.

Mr. Falkenstien has laid four tickets aside in your name. ~~Mr. Nichols~~ Mr. Nichols, the Chancellor's executive secretary, said if the other two tickets are for members of the legislature they will be taken care of in a complimentary fashion. Will you kindly give Mr. Quigley this information?

We are glad that you are coming down and we believe that you will see a pretty tough ball game. Oklahoma is pretty rugged.

Sincerely yours,

FCA:AH

Director of Physical Education,
