Dear Dr. Allen,

As a former K. U. student I recall mimeographed copies of valley ball, basketball, soft ball rules published by the Phy. Ed Dept or Intramural Office. We have courts and a soft-ball diamond but too many disputes about rules. Rule books are even scarcer than <sup>white</sup> women in these tropics, so we've never collected any. I am enclosing <sup>a money order for</sup> ~~some~~ air-mail stamps in hopes that you still have some of those copies of rules, and will be so kind as to send us some. 1st Lt Bainger - active in intramural sports a few years back at K U - is with me and doing fine.

Sincerely yours,  
Capt Albert W. Bainger 0489272
