Tyler, Texas.

Dear Doctor Pfitsch:

I was delighted to read your letter and to know of the additional citations for First Lieutenant John A. We are mighty fond of that boy and he has the stuff that it takes to get the job done.

We will see that this appears in the next Rebounds. Our admiration for John has always been great, and any small kindness that we extended to him was most deserving. I assure you.

I was very happy to hear from Mrs. Pfitsch, and to you both my sincerest regards.

Cordially yours,

Director of Physical Education,
Varsity Basketball Coach.
