Dear Brother:

IT'S TIME FOR THE ALUMNI TO ACT. LET'S DON'T GET CAUGHT FLAT-FOOTED. Now that the fighting Phi Psis are on their way back from the wars, there is much for us to do. EIGHT of our fighting brothers from Kansas Alpha have joined the Chapter Eternal. We cannot forget them. And we must not forget those who are returning.

Because membership in the chapter has been extremely low during the war years, our income has suffered and the chapter house has been subjected to unusual depreciation. But we have kept our house going as only three others on "The Hill" have been able to do. It is estimated that about $8,000.00 will be needed to put the House in proper repair. Then too, furniture must be bought and there is the matter of a fitting Memorial for our fighting brothers. It has been suggested that the Memorial take the form of a permanent scholarship fund to be used in assisting worthy Phi Psis to complete their college courses. For this purpose a separate corporation has been set up under applicable Kansas laws.

Our goal is $15,000.00 and several brothers have started the ball rolling with subscriptions totaling about $2,000.00. Clarence Coleman will give $1,000.00 if anyone will match it. That's a real challenge. So forward your check immediately. Time is short. School starts September 20. Let's get the major job done by that time and in so doing provide the returning men with an attractive and comfortable place in which to carry on. By the way, most of the checks range from $250.00 to $25.00.

Our attorneys and Local Department of Revenue men are of the opinion that contributions may be deducted from your income returns. We are asking the Collector for an opinion.

Send your check to Win Tate, 234 Alameda Road, Kansas City, Mo. LET'S GO BROTHERS!

Fraternally,
Your Executive Committee

THE KANSAS ALPHA PHI PSI RAG

Volume I | Lawrence, Kansas, Sept. 1945 | Number 1

ENDOWMENT ASSOCIATION FUND DRIVE GETS UNDER WAY WITH MORE THAN $1,500 ALREADY SENT TO COMMITTEE; CHECKS ROLL IN AFTER FIRST APPEAL LETTER IS SENT

WAR MEMORIAL, SCHOLARSHIP FUND AND CHAPTER HOUSE REPAIRS WILL REQUIRE $15,000

CLASSES START AT KANSAS, SEPT. 20th

Executive Committee Endeavors To Get The Majority of Repairs Done By Then

A drive to collect $15,000 in donations from members of the Kansas Alpha Alumni Association for a War Memorial, Scholarship Fund and Chapter House repairs started in August with the first in a series of letters. By Sept. 1st, only 10% of the goal had been subscribed but we must admit that over 10% of the first letters sent came back because of insufficient addresses.

School starts at K.U. September 20th, and by that time we hope to have a new paint job greeting the rushees. The active chapter is now back in the house after two years of Navy occupation, and Brothers, the gobs didn't leave the house looking like your living room at home.

So, your Executive Committee decided that "now is the time for all good Phi Psi's to come to the aid of their fraternity" and after a survey of the chapter's condition, voted to start this drive for funds which would put Kansas Alpha of Phi Psi in the best condition "on the Hill".

HONOR ROLL

Donations Up To Sept. 1st

August W. Lauterbach '18	$250
Larry Winn, Sr. '15	250
Byron T. Shutz '18	200
Harold Evans, Sr. '09	100
Win Tate '18	100
Leland Thompson, Sr. '13	100

William J. Campbell '22	25
Maj. Fen Durand '36	25
James T. Klepper '28	25
John A. Prescott '84	25
A. J. Spangler '03	25
William T. Stevenson '18	25
Joseph H. Dyer '01	10
Earl P. Russell '08	10
Larry Winn, Jr. '38	10

Because EIGHT of our Kansas Alpha Brothers made the supreme sacrifice in World War II, it was also decided that a War Memorial in, on, or near the Chapter House should be included in the fund drive. It is understood that the parents of several of the EIGHT Brothers would like to help us with this Memorial.

IN MEMORIUM

These men have made the Supreme Sacrifice and we mourn their loss. Did they die in vain?

* Lt. Sidney S. Linscott, Jr. '36, USMC, killed at Guadalcanal, just after the landing operations had been completed.

* Lt. Jo W. Payne, Jr. '42, was killed in Georgia when he crashed his fighter plane into a river rather than turn it loose over a thickly populated area.

* Lt. Browder Richmond, '42 USAAF, lost his life at Wright Field, where he was a test engineer.

* Lt. William Knight '40 USNAC, was shot down over the Phillipines on what was to be his last mission before returning home. He held victories over seven Jap planes and was Kansas Alpha's ace in this war.

* Lt. Col. Victor J. Rogers, '18 USA, died in a veteran's hospital in this country after two years of service abroad.

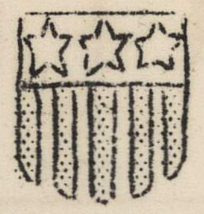
* Lt. Jack J. Griffin, '35 USMC, was killed on Iwo Jima while serving with the Fourth Marine Division.

* Lt. Robert Bellamy, '42, USMC, was killed on Okinawa while serving as a forward observer for the Sixth Marine Division.

* Lt. Fred Humphrey, '41, USA, was killed in Holland while leading an attack on an undisclosed enemy-held town. A paratrooper, he was a member of the famous 82nd Airborne Division.

* * *

OUR SERVICEMEN



Nearly 10,000 wearers of the badge of Phi Kappa Psi are in the armed services and almost 50% of the Kansas Alpha membership of 800 men are serving our country. We have heard from a few and so we'll try to pass the information.

Charlie Black, Phi Psi's K.U. All-American basketball player is on his way home from the ETO where he won the Distinguished Flying Cross, the Distinguished Service Cross and the Air Medal. ...Besides this, boys, he has another year of eligibility left.

Dick Miller, Lt. (jg) Navy Air Corps and a star performer in all sports has another year of eligibility left too, and hopes to be back next year...His brother Ralph, a Lt. in the Army is stationed in Texas.

"Phog" Allen tells us that Bobby is Lt. (lg) in the Navy Medical Corps and is stationed in San Francisco...He expects to be there for awhile too... Milt Allen is also a Lt. (jg) in the Navy stationed in the East.

Lt.(jg) Tom Higgins is one of the original landers on Okinawa and he expects to be there for awhile longer.

Lt. Franny Franklin was home in June and looking mighty good, too. He had run into Lt.(jg) Tommy Arbuckle, who is on the U.S S. Indiana out in the South Pacific and they had a couple of "good" get-to gethers...Arbuckle is married now you know.

Capt. Tom Yoe, who has been lost for a few years from the Phi Psi files showed up in K.C. one day in June on leave from Camp McClellan...He has been handling German prisoners down there... Not married yet!

Major Fen Durand , who won more than his share of fame in the South Pacific was home and helped celebrate the Japs decision to quit at the home of Mrs. J.W. (Twink) Starr, with his charming new wife, Katie Merrill...Yes, they sang some Phi Psi songs and reminisced a little... Fen saw old "Twink", a Lt. Commdr. in Hawaii, and reports that they sang a few, too.

Major Jack Huttig was home in August and dropped in to see Win Tate at the bank ...Win says he is looking good and is certainly one of Kansas Alpha's war heroes.

Bill Hines, PFC in the Army dropped through K. C. in early August on his way back from Germany. "Dancie" of course brought home half of Germany but don't think Martha didn't like some of the beautiful dishes, linens, silverware and other contraband.

Lt. (jg) Bill Allen called YeEd one night and asked if we wanted a ride to Miami..He had to report there late in August...Wilma will join him later. By the way: They are expecting!

Buck Thomas is still up in the Aleutians somewhere although he is kept busy moving from island to island... Wife Edie awaits anxiously.

Chuck Ege is doing his share of laison flying over China and the hump" ...He sent wife Annette some very beautiful stones and gems from India. He hopes to be home around the last of October but as you know, there are no guarantees.

Charles "Buddy" Rogers, Lt. USN has been testing the jet-propelled planes on the west coast....Tain't easy McGee.

Ensign Ted North is still Communications officer aboard the U.S.S. Cleveland as far as we know...We haven't talked to anybody that has seen him lately though.

Lt. Bob Busler was seen touring the Mission Hills Golf Course when he was in K. C. on leave from Camp Carson, Colo.

Lt. Col. Bob Lamar is listed as one of the war heroes..He was one of the two Medical Corps men who parachuted in to rescue Lt. Gen. Jonathan Wainwright from the Japs. The Associated Press carried a big story and picturs of him.

FOOTBALL PROSPECTS AT K.U. ? ?

We would like to write a real encouraging article about the football prospects on Mt. Oread for '45, but I'm afraid we can't. You see, Coach Henry Shank has only three lettermen returning and the Navy-V-12 program still going on in Lawrence isn't producing any All-America material or even anyone who has Lettered elsewhere.

One of the three returning vets is Leroy Robinson of Lawrence, and Phi Psi. Robbie will probably be the main show in the backfield this year starting in the fullback position.

With Oklahoma, Missouri and Iowa State all bragging about twelve to seventeen returning lettermen, poor old Kansas will have to battle Nebraska and Kansas State for the cellar position. Well, anyway, we beat Nebraska last year, didn't we?

Sept.	22	- Texas Christian (Kansas City)
"	28	- Denver (Denver)
Oct.	6	- Iowa State
"	12	- Washburn
"	20	- Oklahoma (Norman)
"	27	- Wichita (Wichita)
Nov.	3	Nebraska (Lincoln)
"	10	- Marquette (Milwaukee)
"	17	- Kansas State
"	24	- Missouri (Kansas City)

VERN WILKIN SCORES HOLE-IN-ONE

Vern Wilkin, "22, former cage star at the University of Kansas made a hole-in-one on No. 17 at Indian Hills in Kansas City, Labor Day. Bro. Verne used a No. 3 iron. The ball hit the bunker to the right and it caromed off to the left of the sand trap and bounced back on the green on the green where it rolled into the cup. Wilkin, who used to bank a lot of shots off the backboard in the basketball for Coach Phog Allen, claims he played the shot that way. It is a 240-yard hole.

* * * *

WHO'S WHO AND WHERE!

Everybody's busy these days but not too busy to spend a little time for old Phi Psi...George Davidson '18 has given us names of three rusheos...Just shows Bro. Geo. hasn't forgotten Phi Psi...

Phi Psi Brothers Larry Winn Sr. '15 and Byron Shutz '18, have gone in on two the town's largest busniess ventures together lately..With others they baught old Meadow Lake Golf Course for $185,000 cash and old Electric Park site for $94,000...They plan to build on both sites.

"Little" Ned Tanner, son of Ed Tanner '13, of architecture fame, was home on furlough from the Navy recently..He only stands 6 ft. 3 in.

George Bowles Sr.'08 is back on his feet now after a heart attack last winter...

Six foot 10 in. John Halleberg '41 is out of a job now that Pratt-Whitney has closed down. His A Graduate from the Business School, - take note you employer Brothers.

Grover Johnson '34 was seen playing his usual stellar game of golf in the Broadmoor, Colo. tournament.

Ray Blacker '12, is getting a big kick out of rushing again and playing an important part in the pledging of two fine Kansas City boys.

"Phog" Allen '05 is keeping plenty busy "On the Hill" looking for basketball prospects,keeping track of the boys in the service and publishing his famous "Rebonds," aside from his regular duties.

Clarence Coleman, '29, is still offering a $1,000 check to the Alumni Endowment Fund if anyone will match him. The lamp business in Wichita must be good.

Barney Sheridan '12 has been quite sick lately and has been in the hospital and a doctor's care. Get well quick Barney.

Gus Lauterbach '18 is doing a swell job of rushing out in Colby.

HOUSE PAINTING STARTS.

- - -

New Roof Is Next On Repair List

The painting and plastering of the dining room, kitchen and upstairs halls and bathrooms are already finished. A new roof is next on the list and then a paint job on the outside. But these repairs are only a few of the ones that really need to be done. The housemother's room is in a terrible shape and the kitchen needs a lot more than just a paint job. We could go on forever boys, but take our word for it and send those checks to Win Tate immediately.

HELP ---HELP---HELP---HELP---HELP.--HELP

Dear Doc Allen:.

For several months I have been receiving "Rebounds" and have enjoyed it immensely. I am certainly indebted to Joe Brown for asking that you add my name to your mailing list.

Just received you latest (July) letter and laughed at your amusing account of Joe's "swep" through the university. I have recently received a letter from him. He is taking training now as an airborne fighter-director, a very responsible job.

I am executive officer of a destroyer escort - which has recently shifted from Atlantic to Pacific waters.

upon receipt of your latest - with Howard Engleman's address, I went to the hospital

he had written from, but found he had been evacuated, after only a short stay, to the U.S. Sorry to have missed him, but glad he is home of course.

It looks as if we'll all be home soon now. I am certainly ready. I can tell you.

my best regards to you and your family.

Thank you again for sending me your letter.

Sincerely yours.

Head Coach of Basketball
University of Kansas
Lawrence, Kansas

Dear "Doc":

The dear old Navy soon will start mustering out some of its members and I'm hoping to be out in time to see your Jay-Jay-Jayhawkers in action at Lawrence this season -- and maybe before your schedule starts.

So, in anticipation of returning to my job for Mr. Mac, I'm brushing up on my rules, nomenclature etc. Will you tell me where I can procure a copy of your book, "Better Basketball?" I've seen only about a dozen games in three years and am really rusty on that sport.

Best regards to you and Mrs. Allen.

Sincerely yours,

Dan Partner

Lt. W. D. Partner
U. S. Navy Pre-Flight School
Iowa City, Iowa

Dear Dan:

I am delighted to know that you are going to be back on our amiable friend Mac's sports desk. You will help the old gentleman who has fought the war in great fashion and we are delighted to have you in our section of the country.

Thanks for best wishes to the Allens and we are reciprocating your wishes to the Partners. I also know that Dr. Don Carlos Peete and family will be glad that you are returning. Dr. Peete has always been very fond of the Partner family.

You asked about "Better Basketball". I thought long ago that you had an autographed copy. My memory certainly must be tricky, but I thought a couple of years ago that we autographed a book for you. Tell me if I am wrong; and whether or not I am wrong, or if you want another book autographed, I will see that you get one, but in the meantime I am mailing you a copy of one of the Athletic Association's books which we check out to our boys for the reading of the fundamentals.

The promptness of my reply is indicative of the joy we anticipated in having you and the Partner family back with us. With every good wish, I am

Sincerely,

Dear Phog:

I want to thank you for the splendid letter that you wrote Mother Lyon in regards to the loss of her husband, Doc Lyon. He thought a lot of you, and I have heard him say more than once that you were the best basketball coach and knew more about basketball than anyone else he knew and for that reason and since both Chuck and I have discussed you with him, Mother Lyon will treasure that letter more than any she received.

Yesterday when we were going through his papers we found a letter that he had written to the family asking them to carry on and expressing his wishes as to whom he would like to have as pallbearers. He mentioned your name, and we were certainly sorry that we didn't contact you. Both Chuck and I mentioned you but felt like it was an imposition to ask you to drive to Topeka. However, I want you to know that he felt that way about you.

Thanks again for the swell letter Mother Lyon received.

Sincerely yours,

Cecil N. Peterson

Dr. Don Carlos Peete, M.D.
Suite 1500 Professional Building
Kansas City, Missouri

Dear friend Don:

It must be mental telepathy. I have been trying to get a note to you all week. Just about the time that you wrote me I was endeavoring to get through to you telling you that I still haven't forgotten my promise of a visit and I expect to make good on it before school takes up in September. I am teaching two classes, one at 9:30 and one at 10:30 each morning. With the resignation of Mrs. Hulteen, to raise her family, I have been going through quite an ordeal.

I have had one secretary who was here just long enough to learn the ropes. She left when her mother was to be operated on. That was over a week ago and she was to let me know the next morning after she left, by wire, when she would return. Apparently all the Western Union lines have broken down because I have not had one word from her since she left. But there could be worse things happen to a fellow, and as that old rheumatic said, he was glad that he had two legs that he could have it in.

Mrs. Allen is cleaning the old house at 801 Louisiana out of accumulated stuff that has gathered for twenty-seven years. It is quite a job and I am the general moving man for all such activities.

Congratulations to Don on his first basing for the Newman-Fox American Legion Team. I am hoping to see him play before the season is over. I still am going to make good my promise to spend that evening and night with you good people.

For four years now I have had no so-called vacation, one term running into the next one, but I am not abused because I take my vacation as I go.

Jane and Jill are doing splendidly. The weather has been wonderful for summer so everybody is well and happy. I sincerely trust the same can be said for your good family. Our very best to you all.

Due to the loss of Mrs. Hulteen I have not been able to work on my Jayhawk Rebound letter, my Country Club report, and the District Governor's monthly report in Rotary. I do not know what I am going to do unless I can get some relief pretty soon in the way of high-powered correspondence. Give all the good Peetes my regards, including a full-some share for yourself.

Sincerely,

Forrest C. Allen
Director, Physical Education

ain was met by a band
on Barracks and the men
ately fell into line to start
task of clearing records for fur-
oughs. Officers said the work would
continue through the night, if
necessary.

Release Takes Three Days.

The men arrived Sunday morning from combat service in Germany and Austria, and their release on furlough in the brief time of three days is considered an army record. The men probably will reassemble here and then move to the Oklahoma camp in a group. It has not been announced by the army whether the men will be trained at Ruber or how long it will be before they are scheduled to move into the Pacific area.

Weary and begrimed by the 24-ur trip in antiquated railroad aches, most of the conversation of men as they neared the end of eir trip home was about furlough ans.

Mention of a bonus after the wa not even excite much conversa-n, most of the men putting it on basis of "taking what we are of-ed."

n opponent of a big bonus "be-se we will have to pay for it our-es," was Robert Corbett, tech-an fifth grade, 3423 Wayne ave-Before he entered the service, as a teller at the City National and Trust company. He said ared a "ruinous bonus" inspired oliticians seeking the service-votes.

Kenneth McCann, 21, Butler, said that as soon as possible he arrived at home he and a woman of Amoret, Mo., were to be married. He said they anned it by mail and he had

forecasts a quick end for maining broken Japanese forces, although Al Dopking, Associated Press correspondent, reported from the front that the mopping-up process against isolated machine gun ambushes and sniper posts was a difficult job. Many Americans, including some high officers, were being killed.

Some Japanese units were confused. Forced into flight, they were shelled by warships from offshore, alert for such targets.

LCIs (landing craft gunboats) were standing in close to the shore and sending murderous rocket fire into the fleeing Japanese bands, some of whom were driven into hopeless leaps over the cliffs into the sea, or onto rocks on the beach.

KANSAS HAS GOOD POINTS.

For Instance, It Produced Ike, K. U. Professor Says.

DES MOINES, June 19.(AP)—Prof. Allen Crafton of the University of Kansas described his home state at an Ad club meeting today. He said:

"I give you Kansas. The state where there are more rivers and less water, more dry voting and less dry living . . . Where you can look farther and see less than any place in the world except Texas."

About Kansans he said:

"The Kansan is not too bad, not too good; not too dumb, not too smart; not too soft, not too hard. He's just an average man with a sense of humor. He must have a sense of humor or he wouldn't have stayed in Kansas."

But he added, Kansas has produced many fighting men for this war—General Eisenhower, for instance.

Trained attendants make our funeral service a recognized aid to public welfare. Wagner Funeral Home.—Adv.

15 June 1945

Dear Doc,

I am afraid I am a little late with an acknowledgement for the Rebounds, but things have been in a state confusion out here with me lately. I received the first one two weeks ago and went for it like a camel for water after eight days on the Sahara. Then with the one today I just had to find time to drop you a line and let you know you have another admirer for Rebounds. Also you might be interested to know that it doesn't stop here with me. I am in continual contact with Ensign Bill Stowits, who is in the Pacific, and beings he has never mentioned receiving them I send mine to him.

You probably have noticed my change in address and I would appreciate it if they could be sent here for me. I was sent up here last week for treatment of an old ear ailment that has caused me continual grief. In fact it is the same trouble that kept me out half of freshman football in 1942 and the cause of my wash out in the Naval Aviation

Program at St. Marys Pre-flight over a year ago. I hope they can do something for it but I would feel better about it if Dr. Virgil McCarty of Kansas City was treating it. He seemed to be the only one who could ever get much success out of it.

I ran across Chief Replogle out here this week and we had a nice visit about Kansas U. and K. U. Athletics. He was just back from a leave home and I can't tell you how much I envied him. He is giving the patients out here a light athletic program to help them get back on their feet and in condition again and doing a mighty fine job.

I just missed Ensign Frosty Hardacre in San Francisco last week. He had shipped out two days before I looked him up. He is an old home town boy and was coach with Bill Greene when I went through school at Smith Center. I am also on the look out for Colonel Goyle Foster, graduate of Kansas State, and who coached at home in 1941. Possibly you know him.

I am afraid Bill Greene over did himself

on his letter to you, but you know how coaches are — they like to see their boys get ahead and win a few. He should have waited a couple of weeks on that discus score. I did have quite a bit of success in the smaller meets out here this spring for which I was very pleased, but had more than I could handle in the latter part of the season. The West Coast Relays at Fresno was my toughest go as the big boys from U.S.C., U.C.L.A., CAL, CAL. TECH, SAN DIEGO NAVY etc. were there. I was very lucky to salvage seventh place out of a field of about twenty-five. It was my lucky day I guess.

Well Doc, I guess that is all the news I can give you. Give my regards to Henry Shenk and Elmer Schaake. I wish I could get back this fall, but maybe it won't be too long before we are all back for good.

I will be looking forward to the next issue of the Rebounds.

Sincerely

Frank Pattee

The Kansas State Teachers College

EMPORIA

June 12, 1945

Dr. Forrest C. Allen, Director
Department of Physical Education
University of Kansas
Lawrence, Kansas

Dear Phog:

I do appreciate your kind note of June 9. Both Mrs. Price and I regret the necessity of leaving Kansas and our good friends in Kansas. The work here has been most stimulating and challenging, and I should like to be present as the school and the state develop.

We are moving to Colorado, and my position will be with the University of Denver. Denver is twenty-five miles from Evergreen, Colorado, which is supposed to be the one spot in the country free from the pollens which seem to bring about Zelda's asthma. I am confident that the position will afford an opportunity to do a really creative job. The University is endeavoring to coordinate and integrate the programs offered by the schools of law, business and public administration. For the time being, I shall be Dean of the School of Law and of the School of Business, and coordinating director of the three schools.

By being located in Denver, we really hope to see more of our good friends in Kansas than we have down here, and as soon as we find a latch string, it will always be out to the Allens.

Kindest personal regards.

Cordially yours,

Jim Price

JAMES F. PRICE, President

June 9, 1945.

Mr. James F. Price, President,
Kansas State Teachers College,
Emporia, Kansas.

Dear Jim:

I was shocked to read of your resignation on account of the illness of your good wife. I often remember the most pleasant hour I spent in your home in the presence of your lovely family. I sincerely trust that Mrs. Price's health will improve under a new environment.

I want you to know how definitely we feel in the State of Kansas your loss to our state. Your administration gave great promise of being most outstanding because you gathered around you a group of outstanding educators. You were making the presence of the school definitely felt in the state.

With regret in your going, and with kindest wishes to your good wife and family, I am

Sincerely yours,

FCAAAH

Director of Physical Education,
Varsity Basketball Coach.

June 9, 1945.

Mr. Brace Johnson, Athletic Director,
Phillips University,
Enid, Oklahoma.

Dear Mr. Johnson:

I did not intentionally pass your letter up. I lost it in some of my files. I am not sure whether I can promise you a game next year or not. What are you in a position to offer for a game at Enid?

Very sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.

Phillips University

EUGENE S BRIGGS, President

Enid, Oklahoma

February 24, 1945

Dr. F. C. Allen
Athletic Director
The University of Kansas
Lawrence, Kansas

Dear Sir:

I have noticed that it was the policy of most of the Big Six teams when coming as far south as Norman, Oklahoma to stay over and play the Zoomers or Skyjackets a game while here. Because of this, I am wondering if it would be possible for Phillips University to become the stop-over for several of the Big Six teams next year.

We have good hotel facilities in Enid, and are 120 miles mostly north of Norman. We have tried to play an ambitious basketball schedule this year and at the present have won 8 and lost 12. O. U. beat us two times. The first 44 to 42, and the second time 39 to 32.

For myself, I would rather play college teams than these loaded service teams who have many college stars, and feel sure that other colleges feel the same way.

Would you let me know whether you think it could be arranged for K. U. to appear in Enid next season and how much of a guarantee you would need.

Can you also give me any information as to whether there will be a collegiate tournament held in Kansas City this year, and if so, with whom I should get in touch to get extra information. Our old conference here was not in operation this year although we played two other teams who were formerly in the conference and won over them both.

Sincerely yours,

Brace Johnson

Dear Phog,

I want to tell you how much I've enjoyed the "Rebounds" you have sent me. I know it is a lot of work for you but it is certainly well done and I do appreciate it, keep them coming.

I am navigator for a Naval Air Transport Squadron that operates out of Miami. We fly to Bermuda, San Juan Puerto Rico, Trinidad, and the Panama Canal. I fly about 12-15 days a month for around 100 hours and also do some instructing, so I keep pretty busy. But I am fortunate enough to have my family with me, so I am satisfied.

For exercise, I play what we call

paddle ball. Use a sort of table tennis racket, a wooden padde 12"×8" and a short handle, & use tennis balls and play it exactly like hand ball. I like it better than one wall handball, as it is faster. It also is fun on a four-wall court.

Tell anyone I know hello for me and thanks again for your swell "Rebounds"

Yours
Edwin Phelps
