GENERAL PRINCIPLE

In gaining weight it is necessary to eat foods that are highly concentrated in caloric value. Foods that have a great deal of bulk are low in calories and therefore should be avoided.

There are certain requirements that should be met in every diet in order that no deficiency will arise. By taking a glass of citrus fruit or tomato juice daily the vitamin C requirements are met, and two glasses of milk with cream will satisfy the calcium requirements. Eggs will aid in supplying the calcium, phosphorus and iron that is needed and butter at each meal will meet the requirements for vitamin A and D.

At least once a day there should be a good sized piece of meat. To gain weight this should be meat with plenty of fat. A steak, roast, lamb chop, breaded veal outlet, bacon, baked ham, roast pork, fish or chicken may be varied in the diet.

A suggestion for breakfast; The meal may be started with citrus fruit juice and followed with a cooked cereal, one or two eggs, bacon, toast with jelly or preserves, and a glass of milk.

Between meals a glass of half milk and half cream may be taken. Cream egg-nog or milk shake.

If a light lunch is taken at noon, then a good meal should be taken in the evenings: meat, two vegetables and dessert. And then at bed time or later in the evening, milk or cream should be taken.

At the noon lunch a sandwich may be taken with thin soup, dessert or pudding, ice cream or tapioca, or fruit with drink. If one can take at least two slices of bread with butter at each meal and use whole-wheat bread where possible, it will increase the calories and also aid in supply the vitamin B.

Other cereals may be taken for breakfast, but oatmeal, cream of wheat and rice are more concentrated. Stewed fruits may be used as desserts to vary the diet. Add cream and sugar, ice cream or cheese on pie or cake, is also another means of increasing the caloric intake.

GENERAL PRINCIPLE

April 27, 1942.

Mr. George Edwards,
Basketball Coach,
University of Missouri,
Columbia, Missouri.

Dear George:

I have just checked up with our publicity director, Mr. K. W. Davidson, and learn that the material for the Guide has been sent by air mail, special delivery to Mr. Tower.

He had delegated the preparation of this review to Chuck Elliott, last semester's sport writer of the Kansan. The other day Chuck came over and borrowed my copy of the Guide, and now I can understand why he wanted it.

However, the material has been mailed to Mr. Tower, and he has probably received it by this time.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

April 25, 1942.

Dr. F. C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kan.

Dear Phog:

Several weeks ago I wrote a request to your publicity man in which I asked him to prepare a review of the Big Six Basketball Season for the Guide. This task was assigned to Kansas since your fine team tied for the championship and represented the conference in post season games.

My letter was never answered since I mentioned that no answer was necessary if he could and would accept the job. I assumed, therefore, that he would prepare the copy and send it direct to Mr. Tower. However, a letter from Mr. Tower this morning informs me that all reviews from this section are in his hands except that of the Big Six.

We don't want our league left out, and I also believe the job should go to the winning school although that is not entirely essential. Will you please investigate this and let me know if your publicity department will be able to write the review, and approximate a date on which the material will be mailed to Mr. Tower.

Yours truly,

Geo. R. Edwards.

George R. Edwards.

COACHING STAFF

Sterrett, Jack - Varsity Coach. First season at University of Wichita. Came here from University of Tulsa last spring. His Tulsa squad was only team to defeat powerful Creighton University on its home court last season. Also defeated Oklahoma A & M, Baylor, New Mex. Aggies and Pittsburg, Kan. Teachers. Is graduate of St. Thomas College in Minnesota. Coached Glencoe, Minne. High School to state championship in 1931. His Bemidjer Teachers College squad took a state title in 1933. Went from there back to the Alma Mater, St. Thomas and coached another champion team. From there to St. Louis University for seasons of 38-39 and 39-40. Took graduate work at University of Iowa prior to St. Louis assignment. Believes in discipline within an athletic squad and also stresses condition. In other fields, he was scout and psychological advisor for the Chicago Cubs and is also rated as one of the best football scouts in the nation.

Nye, Paul - Freshman coach. University of Wichita graduate in 1938. Had marked success coaching high school teams in Kansas.

1933. Had marked success coaching high school teams in Kansas.

To Basketball Coaches:
Big Six Conference

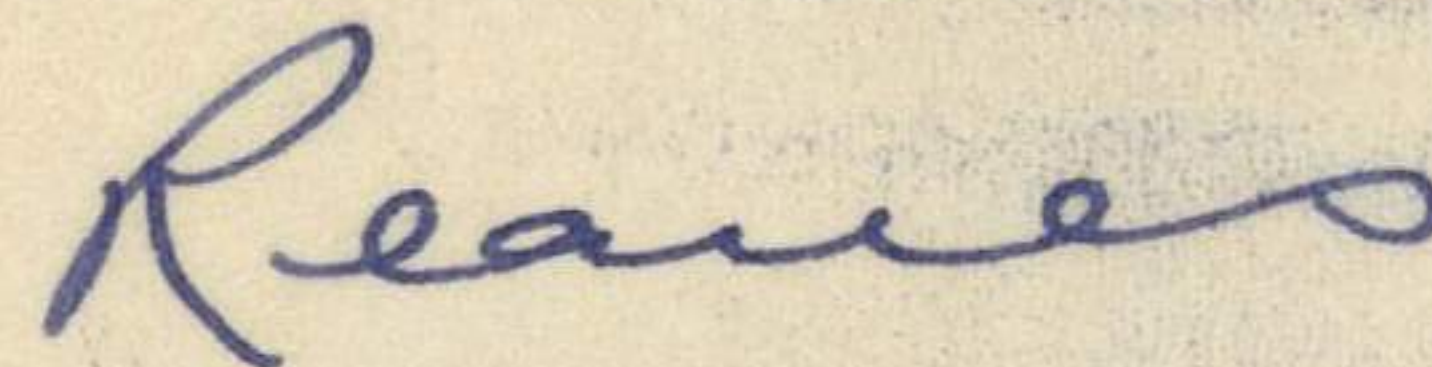

Gentlemen:

I imagine you have planned to meet here Saturday morning, March 21. If you have not made such plans would it be possible for us to meet at 10:00 A M Saturday, Hotel Continental.

It will probably be necessary to make some changes in your schedule, and I feel sure that many of you will want to make out a new preferential list for next year.

There is this thought that you might have in mind for the meeting Saturday; gate receipts will no doubt be much lower next year and that means less expenses for officials. It may be necessary for us to use officials closer to home. In view of that won't you be ready to give information about officials in your immediate locality.

Sincerely yours

R. E. Peters
Commissioner

REP:cm

February 28, 1942.

Pi Beta Phi,
1246 Mississippi St.,
Lawrence, Kansas.

Dear Friends:

The K. U. basketball team and I are sincerely grateful for your fine message of good wishes. And we are doubly appreciate of the spirit which prompted your wiring us at Oklahoma City.

The boys played a wonderful game, and I am very proud of them. But the Sooners were too hot for us.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
