Dr. Forrest C. Allen
Athletic Director
Kansas University
Kansas, City, Kansas

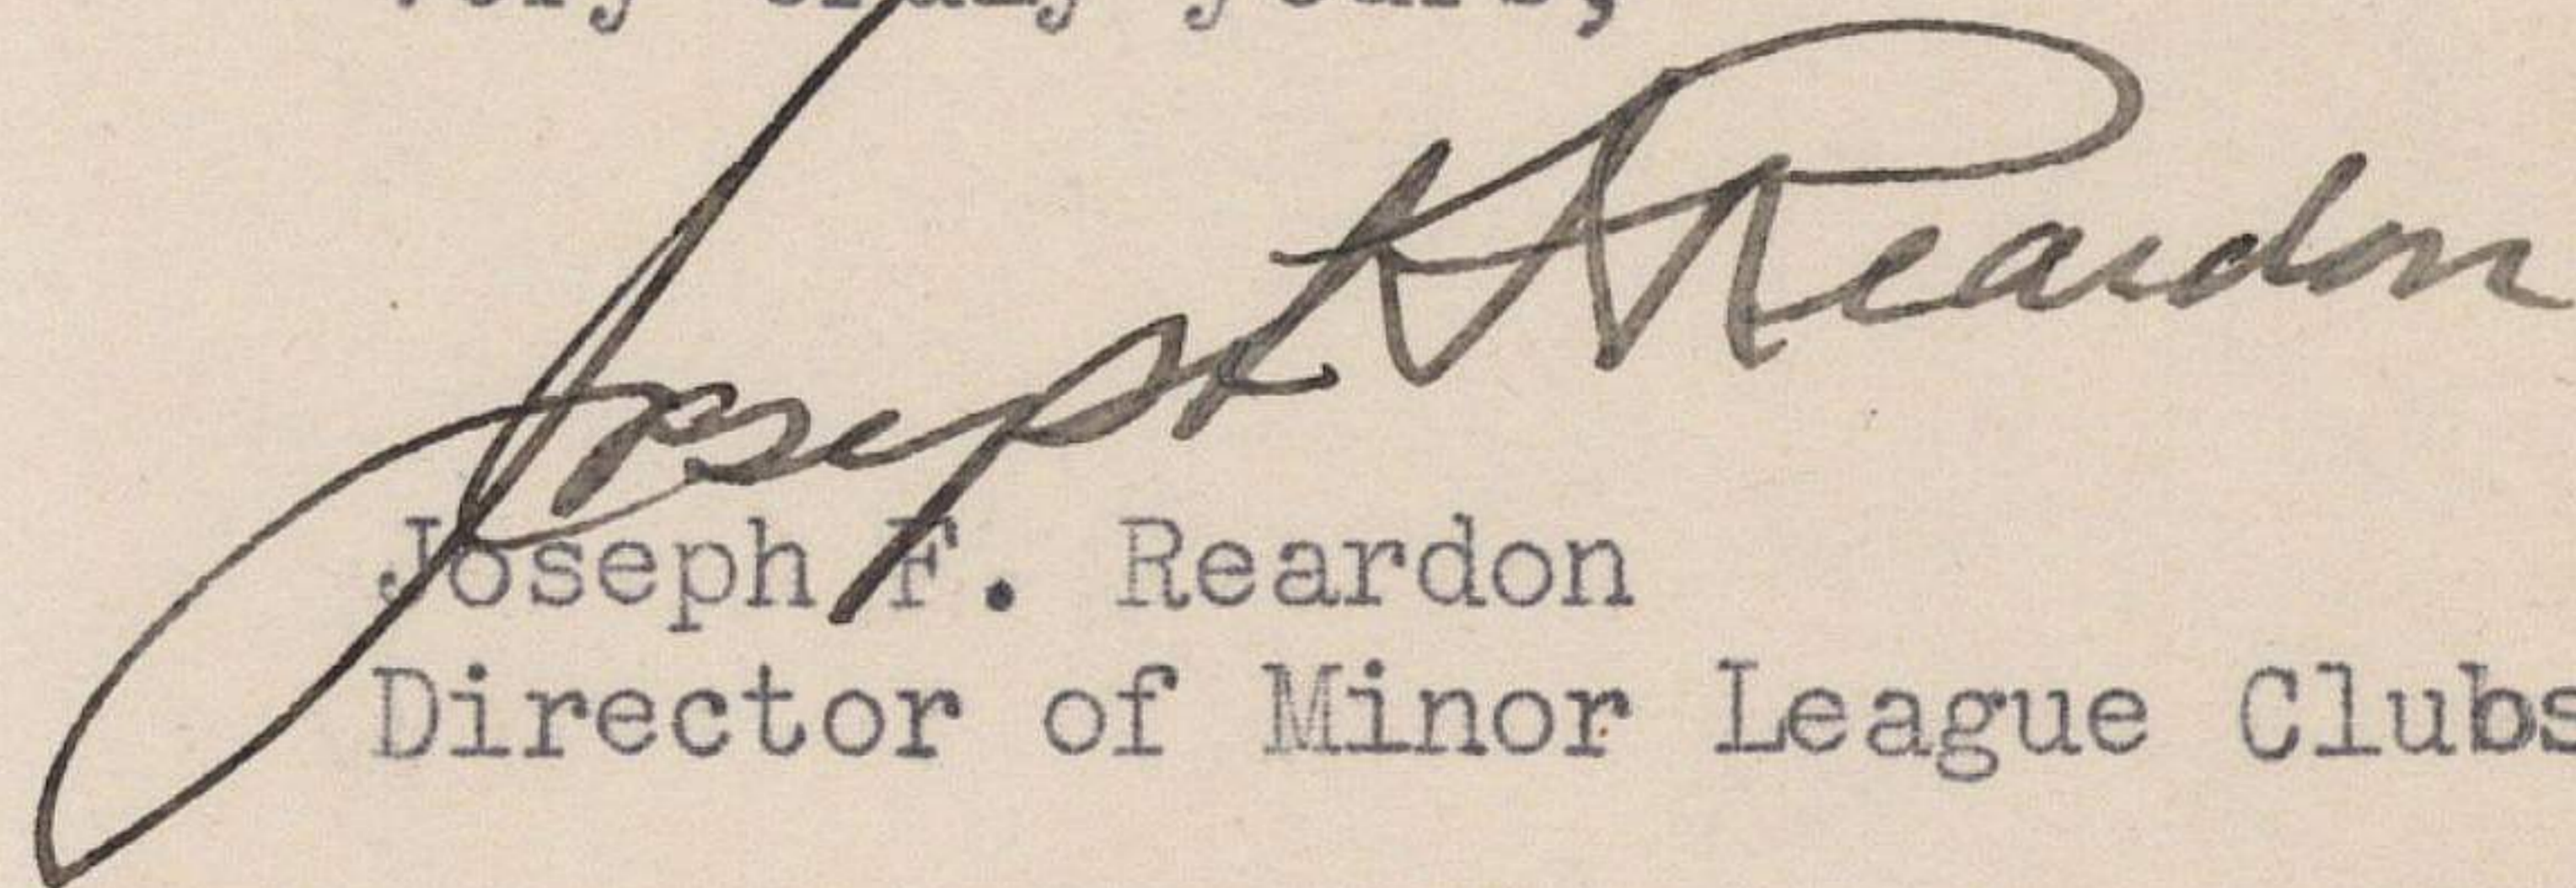

Dear Dr. Allen:

The Philadelphia organization will not have a scout in and around Kansas this year due to our operating like other systems, on a skeleton staff. However, Herb Pennock our General Manager has brought your name to my attention.

Are you committed or now connected with any organization for the 1944 season? If not I would be pleased to hear from you on what scale, provided it is possible, that you would recommend young prospects to our organization.

I would appreciate an early reply. Kindest regards.

Very truly yours,

Joseph F. Reardon
Director of Minor League Clubs
