Dear Friend:

I just finished a note to ^{your} ~~your~~ ^{Peete} on this scratch paper and as it is handy I want you to know we had a grand time Sat. you know our favorite spot in the stadium looked mighty empty until you come. We of course do enjoy the games but most of all we enjoy your company. I hope ^{Peete} is getting a good rest from the big drive before the wedding. We missed her presence and fun very much. I never have half time enough to tell you all I want to. I had a note from Don Partner and Howard Engelman awhile back. I am looking forward to having Bob with us here and all be trading you medical tricks to Bob for Basket Ball tricks for Don in the future - so just expect to stay on the job
